

IMPORTANT SAFETY INFORMATION

Safety Instructions Before Using the Machine:

- 1 Please read and retain this user manual.
- 2 Do not block the speaker's ventilation openings or sound channels with objects.
- 3 Avoid using the machine at high volumes for prolonged periods to prevent damage.
- 4 Use compliant accessories, internal batteries must not be removed or replaced by the end user.
- 5 The operating temperature should be between 0°C and 40°C.
- 6 Do not expose the device to damp or high-temperature environments such as puddles, sunlight, or open flames to avoid the risk of electric shock or explosion.
- 7 Unplug the machine during thunderstorms or if it will not be used for an extended period.
- 8 Do not forcibly insert a TF card or SD card into the slot. Insert the card in the correct sequence to avoid malfunction.
- 9 Do not use any corrosive or oily cleaners to clean the machine.
- 10 To maintain the machine's performance and battery life, fully charge it at least once every three months.
- 11 Note 5G band (W52) indoor use only.

CERTIFICATION AND COMPLIANCE

FCC ID: 2BCRN-BREAKXB
IC: 32795-BREAKXB

FCC ID: 2BCRN-BT1029
IC: 32795-BT1029

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

For speaker:

For USA: The frequency stability of all transmission frequencies of U-NII-1 and U-NII-3 meets the requirements of 47 CFR FCC Part15.407(g), and the manufacturer declares that their transmission is maintained at Band U-NII-1 and U-NII-3.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1.) This device may not cause harmful interference, and
- 2.) this device must accept any interference received, including interference that may cause undesired operation.

FCC WARNING

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Radiation Exposure Statement(Only for speaker)

This equipment complies with FCC radiation exposure limits set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiation & your body.

ISED Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

ISED Radio Frequency Exposure Statement (For speaker):

This equipment complies with IC exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body.

Déclaration d'ISDE sur l'exposition aux radiofréquences (pour le conférencier) :

Cet équipement est conforme aux limites d'exposition IC définies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20cm entre le radiateur et la carrosserie.

For speaker:

Pour l'orateur :

For Canada: The frequency stability of all transmission frequencies of U-NII-1 and U-NII-3 meets the requirements of RSS-Gen Issue 5, Section 6.11, and the manufacturer states that their transmissions remain within the U-NII-1 and U-NII-3 bands.

Pour le Canada : La stabilité de fréquence de toutes les fréquences de transmission U-NII-1 et U-NII-3 répond aux exigences de la norme CNR-Gen, édition 5, section 6.11, et le fabricant déclare que leurs transmissions restent dans les bandes U-NII-1 et U-NII-3.

Dongguan Aika Electronic Technology Co., Ltd. declares that this product is in compliance with Directives 2014/53EU and all other applicable EU directive requirements. The complete declaration of conformity can be found at: www.ikarao.com
