Shenzhen, China

Request for Class II Permissive Change

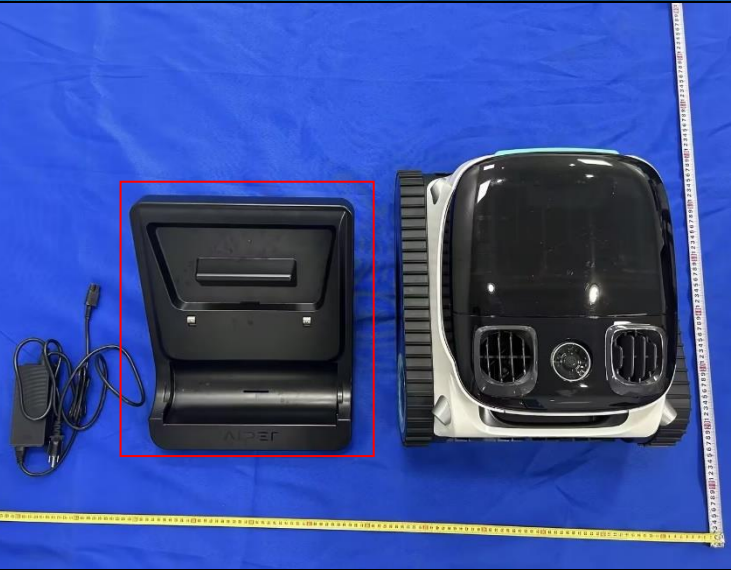

FCCID: 2BD5N-S1N1PRO

Date:2024/06/12

*To: Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD*

Please be notified that we, the undersigned, (Shenzhen Aiper Intelligent Co.,Ltd.) declare that the reasons for this Class II permissive change are as below:

Adding an accessory charging dock to achieve another charger method for the EUT.
Refer to the following figure.

Model: Aiper Scuba S1 Pro	 A photograph showing the Aiper Scuba S1 Pro underwater robot on the left and its black charging dock on the right. The dock is a rectangular unit with a recessed area for the robot. A power adapter and cable are connected to the dock. A red rectangular box highlights the charging dock. A ruler is visible at the top and bottom of the image for scale.
Model: Aiper Scuba N1 Pro	 A photograph showing the Aiper Scuba N1 Pro underwater robot on the right and its black charging dock on the left. The dock is a rectangular unit with a recessed area for the robot. A power adapter and cable are connected to the dock. A red rectangular box highlights the charging dock. A ruler is visible at the top and bottom of the image for scale.
