

FCC Class II Permissive Change Application Letter

Eurofins Electrical and Electronic Testing NA, Inc.
914 West Patapsco Avenue
Baltimore, MD 21230

Applicant's complete, legal business name: Easymetering, LLC.

Applicant's mailing address: byron.rojas@easymetering.com

Equipment Product Code: AMI-I210-TL-ME9-SP

FCC ID Number and Date of Original Grant: 2BD5W-I210-ME9-SP 02/28/2024

Person at the Applicant's address to receive Grant:

Byron Rojas
Authorized member

Change Contents:

The ME910G1WW transmitter module with FCC ID: 2BD5W-I210-ME9-SP was not modified and has not changed. The changes are as follows:

1. The module is assembled on the pcb of the AMI-I210-TL-ME9-SP module, whose design was reviewed and approved by Telit Communications S.p.A. manufacturer of the ME910G1WW module.
2. The pcb includes a MMCX Jack Connector, 50 Ohms female plug, connected with the JCG142 adhesive antenna.

Sincerely,

A handwritten signature in black ink, appearing to read 'Byron Rojas', is written over a faint, larger signature that also appears to read 'Byron Rojas'.
