RE: LONG TERM CONFIDENTIALITY REQUEST FOR HIGHWAY1 (FCC ID:
2BD8H-HIGHWAY1)

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the block diagram, schematics, PCB layout, parts list and operational description required to be submitted with this application be permanently withheld from public review.

The documents listed above contain proprietary technical information, trade secrets, and intellectual property that would not otherwise be released for public viewing. Since this design serves as the foundation for ongoing technical product development, the public disclosure of these documents would provide competitors with an unjustified and unfair market advantage.

Please contact me if there is any information you may need.

Sincerely,

Signed by:
