Solder Board-Component View 5	 A photograph of a small green printed circuit board (PCB) component, labeled '331', mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented horizontally, with its longer side parallel to the ruler's markings.
Solder Board-Component View 6	 A photograph of the same green PCB component, labeled '331', mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented horizontally, with its longer side parallel to the ruler's markings.

Solder Board-Component View 7	 A photograph of a small green printed circuit board (PCB) component, labeled 'Solder Board-Component View 7', placed on a blue textured surface. The component is rectangular and features three silver-colored solder joints. It is positioned next to a black ruler with white markings, which shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 8	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 8', showing a different side or orientation. The component is rectangular and features a series of silver-colored solder joints along one edge. It is positioned next to a black ruler with white markings, which shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
