Solder Board-Component View 10	 A photograph of a green printed circuit board (PCB) component, labeled 'Shell Module X2 V015', resting on a blue textured surface. The board features various electronic components, including resistors and capacitors, and has a series of gold-plated pins along one edge.
Antenna View	BT / WiFi Antenna  A photograph of the same green PCB component, labeled 'B2440', showing the antenna area. A red box highlights a specific section of the board, and a red line points from the text 'BT / WiFi Antenna' to this highlighted area. The highlighted area contains a series of parallel metal strips, which are the antenna elements. Other components visible on the board include a small square component labeled 'C10U2' and several capacitors labeled 'C10U2', 'C10U4', 'C10U14', and 'C10U13'.
