|                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|--------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <div>Solder<br/>Board-Component<br/>View 2</div> |  A photograph of a small green printed circuit board (PCB) component, labeled '041022', positioned next to a black L-shaped ruler. The ruler has white markings in millimeters and centimeters. The component is rectangular with several small electronic components and solder points visible. The background is a light blue textured surface. |
| <div>Solder<br/>Board-Component<br/>View 3</div> |  A photograph of the same green PCB component from a different angle, showing its side profile. It is placed next to a black L-shaped ruler for scale. The component has a white rectangular label on its side. The background is a light blue textured surface.                                                                                 |

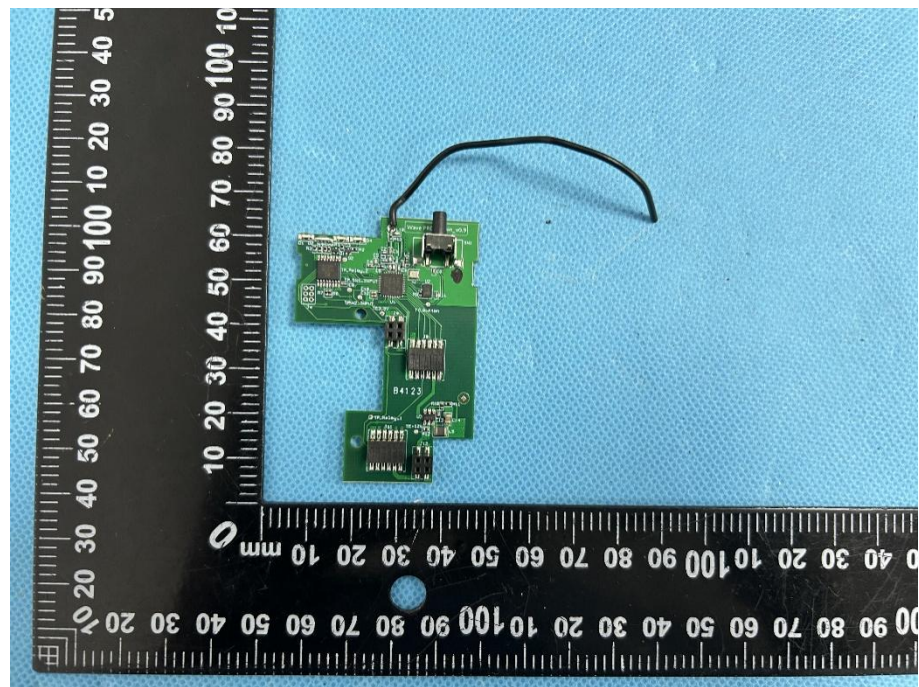

|                                              |                                                                                                                                                                                                                                                                                                                                                                                                                   |
|----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Solder<br/>Board-Component<br/>View 4</p> |  A photograph of a small green printed circuit board (PCB) component, labeled 'Shelly-Pro-Relay-v0.3.8' and 'B4123', mounted on a blue textured surface. The component is positioned next to a black L-shaped ruler with white markings in millimeters. The ruler shows the component is approximately 10mm wide and 10mm high. |
| <p>Solder<br/>Board-Component<br/>View 5</p> |  A photograph of the same green PCB component from a different angle, showing its side profile. It is placed next to the same black L-shaped ruler on a blue textured surface. The component's height is visible as approximately 10mm.                                                                                        |

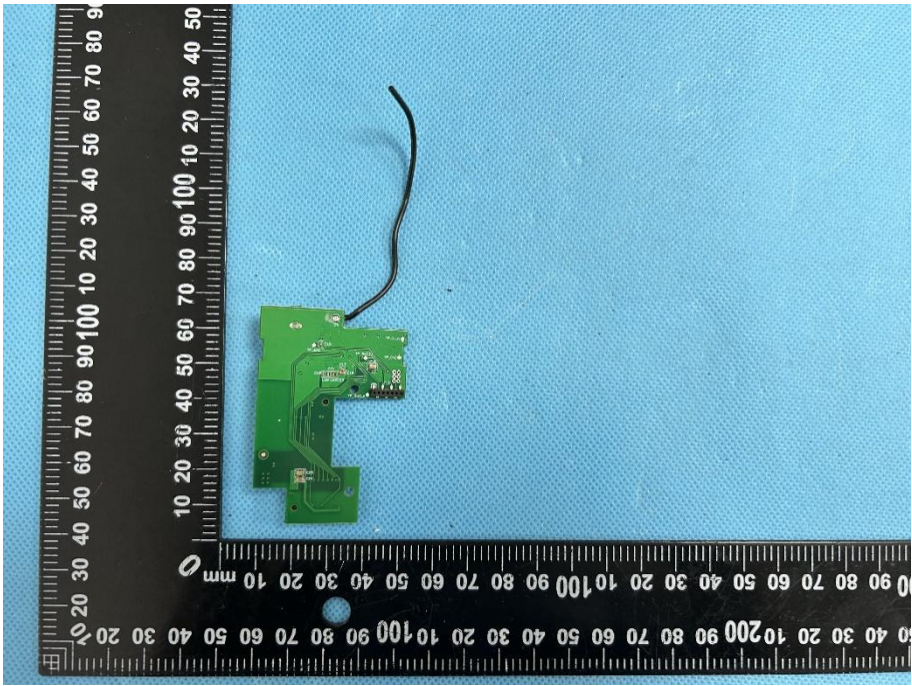

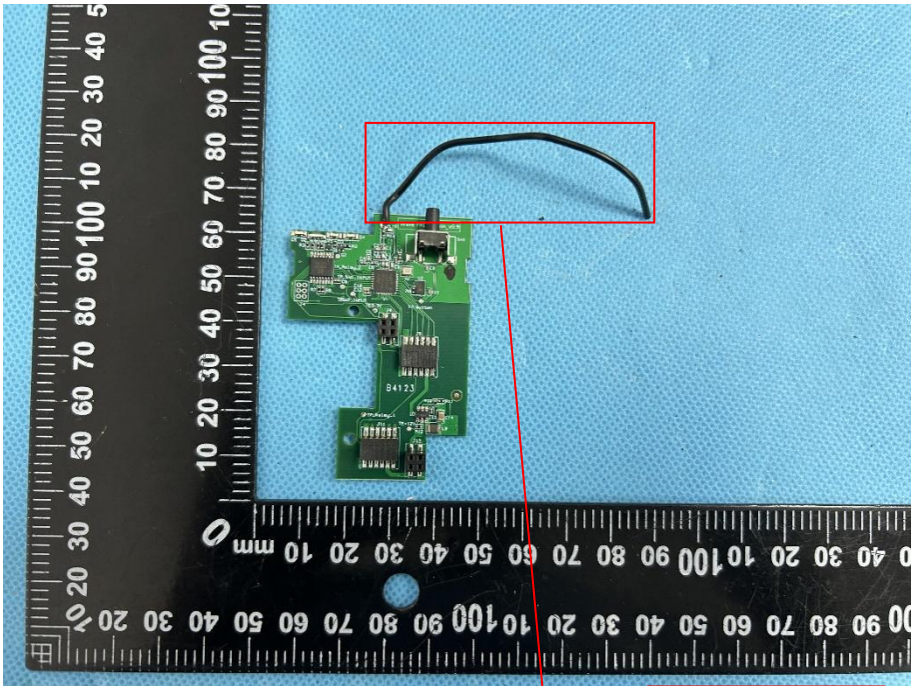

|                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|--------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <div>Solder<br/>Board-Component<br/>View 6</div> |  A photograph of a small green printed circuit board (PCB) component, identified as 'Solder Board-Component View 6'. The component is rectangular with a small notch on one side and several solder points. It is placed on a blue textured surface next to a black L-shaped ruler with white markings in millimeters. The ruler shows dimensions from 0 to 100 mm on both the horizontal and vertical axes. |
| <div>Solder<br/>Board-Component<br/>View 7</div> |  A photograph of the same green PCB component, identified as 'Solder Board-Component View 7'. This view shows the component from a different angle, highlighting a white rectangular label on its surface. It is placed on the same blue textured surface next to the same black L-shaped ruler with white markings in millimeters, showing dimensions from 0 to 100 mm.                                    |

| <p><b>Solder<br/>Board-Component<br/>View 10</b></p> |  A photograph of a green printed circuit board (PCB) component with a black wire attached. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented vertically, with the wire extending upwards.                                                                                                                                            |
| <p><b>Antenna View</b></p>                           |  A photograph of the same green PCB component, showing the antenna structure. A red rectangular box highlights the antenna wire, and a red line points from this box to a label "Antenna" in a red-bordered box at the bottom right. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented vertically, with the wire extending upwards. |
