Solder Board-Component View 6	 A photograph of a small, green, L-shaped printed circuit board (PCB) component. The component is positioned on a blue textured surface. A black L-shaped ruler is placed next to it for scale, with the vertical ruler showing markings from 0 to 100 mm and the horizontal ruler showing markings from 0 to 100 mm. The component is approximately 20 mm long and 10 mm wide.
Solder Board-Component View 7	 A photograph of the same green PCB component from a different angle. The component is positioned on a blue textured surface. A black L-shaped ruler is placed next to it for scale, with the vertical ruler showing markings from 0 to 100 mm and the horizontal ruler showing markings from 0 to 100 mm. The component is approximately 20 mm long and 10 mm wide.

Solder Board-Component View 10	 A photograph of a green printed circuit board (PCB) component with a black wire attached. The component is placed on a blue textured surface next to a black L-shaped ruler with white markings in millimeters and centimeters. The ruler shows dimensions up to 100 mm on both the horizontal and vertical axes.
Antenna View	 A photograph of the same green PCB component and black wire, viewed from a different angle. A red rectangular box highlights the black wire. A red line extends from the bottom of this box to a label. The component is placed on the same blue surface next to the same black L-shaped ruler. Antenna
