

Solder Board-Component View 6	 A photograph of a small, rectangular electronic component, likely a solder board, placed on a blue textured surface. The component is positioned horizontally between two metal rulers. The vertical ruler on the left shows a scale from 1 to 13 cm, with millimeter markings. The horizontal ruler at the bottom shows a scale from 1 to 21 cm, with millimeter markings. The component is small, approximately 1 cm in length and 0.5 cm in width, and features several small components and solder joints.
Solder Board-Component View 7	 A photograph of the same electronic component from a different angle, showing its top surface. It is placed on the same blue textured surface between two metal rulers. The vertical ruler on the left shows a scale from 1 to 9 cm, with millimeter markings. The horizontal ruler at the bottom shows a scale from 1 to 16 cm, with millimeter markings. The component is small, approximately 1 cm in length and 0.5 cm in width, and features several small components and solder joints.

Solder Board-Component View 8	 A photograph showing a small, rectangular black component with four white solder points. The component is placed on a blue textured surface next to a metal ruler. The ruler has markings in centimeters (0 to 18) and millimeters (0 to 11). The component is positioned between the 4 cm and 5 cm marks on the ruler.
Antenna View 1	Transmitter Antenna  A photograph showing a circular black component with a central silver-colored circular feature. The component is placed on a blue textured surface next to a metal ruler. The ruler has markings in centimeters (0 to 23) and millimeters (0 to 14). The component is positioned between the 5 cm and 6 cm marks on the ruler. A red box highlights a small rectangular feature on the component, and a red line points from the text "Transmitter Antenna" to this feature. P
