

80g书纸双面印刷
尺寸：84.2*124.2mm

SPECIFICATION

Wireless: V 5.4
Sensitivity: 116dB
Working range: 10m
Speaker driver: 14mm
Impedance: 32Ω
Frequency: 20Hz - 20kHz
Battery earbuds: 50mAh

Charging case: 400mAh
Standby time: 16 hours
Charge time: 1.5 hours
Working time: 4 hours
Touch control - Type-C connector
 $P_{RF}: 6\text{ mW max}$
 $f: 2402 \div 2480\text{ MHz}$

UK USER MANUAL

Charging the earbuds
After the earphone is put into the charging bin, the lamp breathes when charging. When fully charged, the LED light goes out.

Charging the case
The charging bin is charged, and the TYPE-C charging is inserted, and the LED light flashes continuously when the charging bin is charged. The LED light is always on after being fully charged. Charged colorful lights go out after breathing in random colors for 3 times.

Turning on the earbuds
Take the earbuds out of the charging case, they will automatically turn on and pair with each other.
Or press both MLF buttons on the earbuds for 4 seconds.

Turning off the earbuds
When you put the TWS earphones into the case, they will turn off automatically.
Alternatively, press the MLF button on one of the earbuds for 4 seconds.

Pairing with devices
1. Take the earbuds out of the charging case: they will turn on and pair with each other automatically
2. Turn on Bluetooth on the device and search for "LYZON-OWS710" in the list of available devices, then select it.
3. After the connection is successful, start enjoying the music.

挂断电话	按 1 下	左/右键
拒绝来电	长按2秒	左/右键
音量加	按 3 下	右键
音量减	按 3 下	左键

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
