Safety Warning

- IMPORTANT:** To reduce risk of fire, electric shock, or injury, follow these safety instructions.
- Heat Exposure: Avoid leaving the item in high-temperature environments or direct sunlight, which could result in fire hazard.
 - Liquid Exposure: Keep the item away from water and liquids. Do not use if wet and thoroughly dry.
 - Damage and Leakage: Cases usage and consult customer service if the item is damaged or the battery leaks.
 - Correct Disposal: Follow local regulations for disposing of electronic devices and batteries. Do not dispose with household waste.
 - Radio Frequency Interference: This device may cause interference with other electronics. Keep a safe distance from sensitive devices.
 - Child Safety: Keep the item and its components out of reach of children to avoid choking or battery ingestion hazards. Never allow children to handle the item unsupervised.

What should I do if my keyboard/mouse buttons stop working or feel sticky?

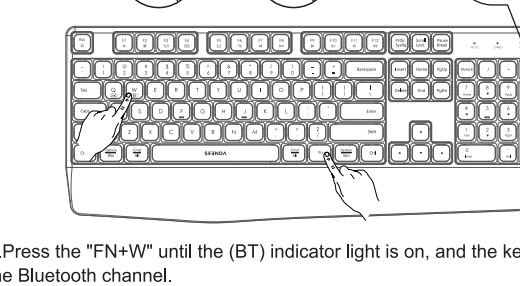

- Basic Flare: Clean debris with compressed air (for keys) or a cotton swab (switches in keypad) alcohol (for buttons).
- Do Not: Avoid eating near the keyboard as crumbs are the primary cause of unresponsive keys!
