Package Content

► 1* Wireless Mouse

► 1* Type-C Charging Cable

► 1* USB Receiver

► 1* User Manual

Product Specifications

Mouse Parameters

Engine	Optical
Mouse DPI	1000/1600/2400
Mouse Keystroke Life	More than 3 million
Operating Voltage	3.7V
Working Current	6mA
Standby Time	300 Days
Continuous Working Time	60 Hours
Mouse Size	110*59.9*31.4mm/4.3*2.4*1.2in
Mouse Weight	71g/0.16lb

2.4G Transmission Parameters

Transmission Distance	10m
Poling Rate	250Hz
System Requirements	An available USB port Windows XP / Windows 7 / 8 / 10 / 11 or higher version

Bluetooth Transmission Parameters

Transmission Distance	10m
Poling Rate	115Hz
System Requirements	Bluetooth receiving device Windows 8 / 10 or higher version Mac OS X 10.12 or higher version iOS X 13 or higher version Android 4.3 or higher version

Frequently Asked Questions

How to deal with disconnection issues, keys repeating or typing & clicking delay?

- Please ensure that the mouse is fully charged. A low battery can affect the performance of the mouse.
- If using a USB dongle to connect the mouse to the device, unplug and replug the USB dongle, trying a different USB port if necessary.
- If connecting the mouse to the device via Bluetooth, delete the Bluetooth name from your device's Bluetooth connection list, and restart your device and re-pair the mouse by following the steps in the user manual.
- If the issues persist, try to connect the mouse to other devices to check if the same issues occur and don't hesitate to contact our customer service for assistance.

How to deal with keyboard/mouse won't turn on or stops working?

- The rated charging voltage for the mouse is 5V. It is recommended to use the computer's USB port for charging.
- Try to change another Type-C cable to confirm whether it is a cable issue or a fault with the mouse.
- If the power indicator of the mouse does not light up at all, please do not hesitate to contact our customer service for assistance.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ~ Reorient or relocate the receiving antenna.
- ~ Increase the separation between the equipment and receiver.
- ~ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ~ Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

IC Warning

This class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. L'appareil peut être utilisé sans restriction dans des conditions d'exposition portables.

Safety Warning

IMPORTANT: To reduce risk of fire, electric shock, or injury, follow these safety instructions.

- ⚠ **Charging Safety:** Use only the provided cable. Charge in a well-ventilated, dry area away from inflammable materials.
- ⚠ **Battery Handling:** Do not attempt to replace the item's lithium battery. Battery replacement should be conducted by qualified personnel to prevent hazards.
- ⚠ **Heat Exposure:** Avoid leaving the item in high-temperature environments or in direct sunlight, which could result in a fire hazard.
- ⚠ **Liquid Exposure:** Keep the item away from water and liquids. Do not use if wet until thoroughly dried.
- ⚠ **Damage and Leakage:** Cease usage and consult customer service if the item is damaged or the battery leaks.
- ⚠ **Correct Disposal:** Follow local regulations for disposing of electronic devices and batteries. Do not dispose of with household waste.
- ⚠ **Radio Frequency Interference:** This device may cause interference with other electronics. Keep a safe distance from sensitive devices.
- ⚠ **Child Safety:** Keep the item and its components out of reach of children to avoid choking or battery ingestion hazards. Never allow children to handle the item unsupervised.

CAUTION: Non-compliance with the above warnings can lead to serious injury or property damage.
