Product Parameters

Mouse:

DPI	800-1200(default)-1600-2400
Polling Rate	250 Hz
Movement Detection	Optical
Battery Capacity	300mAh
Working Voltage	3.7V
Working Current	≤4.1mA
Standby Current	≤1.5mA
Sleeping Current	≤0.3mA
Standby Time	30 Days
Working Time	75 Hours
Charging Time	≤2 Hours
Wake Up Way	Press any button
Size	113.3x72.1x41.8mm

Keyboard:

Battery Capacity	250mAh
Working Voltage	3.7V
Working Current	≤2mA
Standby Current	≤1mA
Sleeping Current	≤0.3mA
Standby Time	30 Days
Working Time	130 Hours
Charging Time	≤2 Hours
Wake Up Way	Press any button
Size	392.6x142.9x6.4mm(Unfolded) 195.3x142.9x12.8mm(Folded)

Warm Reminder

1. If the keyboard fails to connect, it is recommended to fold the keyboard to turn it off, open the device's Bluetooth list, delete the keyboard Bluetooth then unfold the keyboard and restart the device to reconnect.

2. Press "Fn" + "BT1/BT2/BT3" to switch to corresponding Bluetooth channels, it can use normally in 3 seconds.

3. The keyboard has a memory function. When a normally connected device is turned off and powered on again, the keyboard will default to connect this device through original channel, and the channel indicator will be on.

Sleep Mode

1. When the keyboard and mouse is not used for more than 60 minutes, it will automatically enter into sleep mode and the indicator light will turn off.

2. When using the keyboard and mouse again, just hit any key, the keyboard will wake up within 3 seconds, and the lights come back on and keyboard starts working.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit diferent from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

IC Warning

This device complies with Innovation, Science and Economic Development Canada’s licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause interference; and
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil est conforme aux CNR exemptes de licence d’innovation, sciences et développement économique Canada. Son fonctionnement est soumis aux deux conditions suivantes :
(1) Ce dispositif ne peut causer d'interférences ; et
(2) Ce dispositif doit accepter toute interférence, y compris les interférences qui peuvent causer un mauvais fonctionnement de l'appareil.

This Class B digital apparatus complies with Canadian ICES-003.
Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF.
L'appareil peut être utilisé sans restriction dans des conditions d'exposition portables.

Safety Warning

IMPORTANT: To reduce risk of fire, electric shock, or injury, follow these safety instructions.

⚠ Charging Safely: Use only the provided cable. Charge in a well-ventilated, dry area away from inflammable materials.

⚠ Battery Handling: Do not attempt to replace the item’s lithium battery. Battery replacement should be conducted by qualified personnel to prevent hazards.

⚠ Heat Exposure: Avoid leaving the item in high-temperature environments or in direct sunlight, which could result in a fire hazard.

⚠ Liquid Exposure: Keep the item away from water and liquids. Do not use if wet until thoroughly dried.

⚠ Damage and Leakage: Cease usage and consult customer service if the item is damaged or the battery leaks.

⚠ Correct Disposal: Follow local regulations for disposing of electronic devices and batteries. Do not dispose of with household waste.

⚠ Radio Frequency Interference: This device may cause interference with other electronics. Keep a safe distance from sensitive devices.

⚠ Child Safety: Keep the item and its components out of reach of children to avoid choking or battery ingestion hazards. Never allow children to handle the item unsupervised.

CAUTION: Non-compliance with the above warnings can lead to serious injury or property damage.

For further assistance or information, please contact our customer service.
