

JUSTPRO

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.

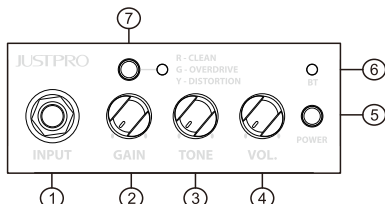

Mini Guitar Amp

Q-3M

User Manual

Product feature introduction:

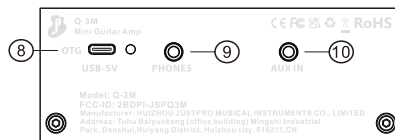

- 1.INPUT: 6.35 audio input jack.
- 2.GAIN: Adjust the gain function.
- 3.TONE: Adjust the tone function.
- 4.VOL.: Adjust the volume.
- 5.POWER: Long press to turn on the device. When the green light is on, the device is in the on state. The light goes off when the device is turned off, and flashes when the battery is low.
- 6.Ⓑ: Short press to turn on the Bluetooth function. When Bluetooth is not paired, the green light flashes, when paired successfully, the green light is always on; long press to turn off the Bluetooth function and the light goes off. (Bluetooth volume is controlled separately by the external device.)
- 7.Press the button to switch three effects:
Red light on R.CLEAN: clean tone.
Green light on G.OVERDRIVE: overdrive.
Yellow light on Y.DISTORTION: distortion.
- 8.OTG/USB-5V: OTG internal recording function/USB-5V charging, port (the green light is always on when charging and the light goes off when fully charged).
- 9.PHONES: Headphone jack. This jack also supports line/direct recording (the amplifier speaker will be automatically muted when connected).
- 10.AUX IN: Can be connected to music playing devices (such as mobile phones, MP3) for accompaniment. The input level can be controlled and adjusted through the volume of the playing device itself.

Audio:

Frequency Response: 20Hz – 20kHz
Signal-to-Noise Ratio (SNR): > 85dB
Total Harmonic Distortion (THD): < 1%

Rated Power: 3W
Sensitivity: 100dB (±3dB)

Bluetooth:

Bluetooth Solution: JieLi Version Bluetooth : Bluetooth 5.0
Frequency Range: 2.402GHz – 2.480GHz
Communication Distance: ≥ 10m (unobstructed line of sight)
Supported Systems: Android / iOS / Windows
Transmission Power: Class 2 (Max. 4dBm) Pairing Name: Q-3M

Playback & Charging:

Continuous Playback Time: > 3 hours Charging Time: < 3 hours

Volume: 18650 with protective plate Type: 18650 lithium battery
Nominal Voltage: 3.7V Nominal Capacity: 2200mAh
Charge Cycles: > 500 cycles Quantity: 1 cell

Precautions

During charging or normal operation, the device may generate slight heat, which is a normal phenomenon.
Before cleaning, ensure the device is powered off and disconnected from all external power sources.
Use an anti-static soft cloth for cleaning. Do not use chemicals (e.g., alcohol, benzene), abrasive cleaners, or chemical solvents.
Keep the product dry and avoid using it in excessively humid environments.
Only use accessories approved by the manufacturer. Unauthorized disassembly will void the free warranty service.

Safety Warnings & Prohibitions

- ▲ For correct and safe usage, read this safety guide carefully.
 - ▲ Turn off the device in areas where radio equipment is prohibited or if its operation may cause interference or safety hazards to other electronics.
 - ▲ Do not use or power on the device in flammable/explosive environments (marked with hazard symbols).
 - ▲ Explosion risk: Never dispose of the device in fire.
- This speaker is specially equipped for electric guitar, with lightweight and portable characteristics, can be used in indoor and outdoor performance, with rich timbre and sound adjustment, as well as Bluetooth sound performance function. The headset playback function can be used for quiet practice, which can be used by professionals or enthusiasts.
