

Ai Mini Printer

Instruction manual

Please read the instructions carefully before using this product
The specification is for reference only, Subject to the actual product.

Key introduction

1.Download the APP:

1. Scan the QR code on the screen to download the App.
2. Search "Fun Print" in iOS/Android market to download the App.

2.Connection method:

(Note: 5G WiFi is not currently supported)

Step 1: Enter the App

Launch the "Fun Print" App and tap "Search Device"

Step 2: Select Your Device

Choose your device from the list of available devices.

Step 3: Connect to Wi-Fi

Select your current Wi-Fi network (2.4G), input the password, and then click "configuration".

Step 4: Connection Complete

Once connected successfully, your printer is ready to use. Start creating and printing!

→ Press and hold the [AI] button on the top of the device to start. While holding the button, speak your command clearly.
For example: "Print a picture of a dog running in a field."
Release the button once you finish speaking.
→ AI generated image will be displayed & printed instantly!
→ When printing, a short press of the [AI] button will cancel printing.

Tip: This product is suitable for children 3+

Certificate

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction

IC Caution:

English:

This device complies with Innovation, Science and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference, and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

French:

Cet appareil est conforme aux normes RSS exemptées de licence d'innovation, sciences et développement économique Canada. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'compromettre le fonctionnement.

Le matériel a été évalué pour répondre aux exigences générales d'exposition aux radiofréquences. Le dispositif peut être utilisé dans des conditions d'exposition portables illimitées.
