Safety Instructions:

Do not open or repair the device; avoid using it in damp environments. Clean with a dry cloth.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules, which applies to office equipment. The limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used properly, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If interference should occur, the user is advised to take the following steps: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and the receiver. (3) Plug the equipment into an outlet on a circuit different from that to which the receiver is plugged. (4) Consult the dealer or a qualified radio/television technician for help.
