label location

The image shows a white, square-shaped device with rounded corners, mounted on a dark, textured surface. Inside the device is a circular disc with the 'TELUS' logo and some text. A red arrow points to a small, rectangular label on the disc. The label has some text and a diagram. The device has a white, curved, lever-like component at the bottom. To the right of the device, there is a vertical scale with markings for 10, 20, and 30 mm.
