Solder Board-Component View 10	 A photograph of a small electronic component, likely a solder board, placed on a blue surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 0 to 60 mm. The component is a thin, rectangular piece of metal with a small, curved, gold-colored flex cable attached to one end. The flex cable has a small gold-colored connector at its tip.
Antenna View	 A photograph of the back of a smartphone, showing the internal components. Two antennas are highlighted with red boxes and labels. The top antenna is labeled "WiFi 1 Antenna" and is a small, rectangular component. The bottom antenna is labeled "WiFi 0/ Bluetooth Antenna" and is a larger, rectangular component. Both antennas are connected to the main board by thin wires.
