Charging indicator

Indicator on /off
(Long press 3s)

Remote Control Configuration Steps

In Home Assistant, navigate to Account → Security → Create Long lived Access Token → Generate QR Code.

Note: Copy the token and send it to your phone for future use.

• Step 1

Choose your language.

• Step 2

On the home screen, pull down the menu and long-press the WiFi icon to enter the WiFi configuration page. (The remote control network must be on the same network as HA.)

Add Custom Card

Download HACS

• Step 1

Locate the custom repositories section, enter the URL github.com/yyqchhy/RosCard in the custom repository field, select "Dashboard" as the type, and save the configuration.

• Step 2

Reload the data, then search for "Roscard" in the HACS search bar and click to download.

• Step 3

Reload the data once more. After that, you can select the corresponding card in the dashboard to add your device.

Product information

Model	HA100
Size	220x52.9x12.7mm(lwh)
Base size	156.8x63.6x76.5(lwh)
Input	5V --- 1A
Battery capacity	2000mAh
Screen size	3.1 inches, 480 x 800
Trumpet	1W
Communication protocol	Wifi, Blue

Regulatory Compliance Statement:

CE Compliance

This product complies with the essential requirements and other applicable provisions of relevant EU directives. The Declaration of Conformity is available upon request.

RoHS Compliance

This product complies with Directive 2011/65/EU and (EU)2015/863. Based on third-party testing, the concentrations of hazardous substances including Pb, Cd, Hg, Cr(VI), PBBs, PBDEs, DEHP, BBP, DBP and DIBP are within the specified limits.

WEEE Disposal and Recycling

This symbol indicates that this product shall not be disposed of with household waste. To prevent possible harm to the environment or human health, please recycle it responsibly. For more information, contact your local authorities or waste disposal service.

After sales guarantee

In accordance with the law of the people's Republic of China on the protection of consumers' rights and interests and the law of the people's Republic of China on product quality, we promise you:

- ① With this warranty regulation and relevant sales invoices, you can get the company's free warranty service. If you can't show the sales certificate, the free warranty period of the product will be calculated from its production date;
- ② In case of performance failure (excluding human factors), but the product parts are complete and the appearance is undamaged, you can enjoy the return or replacement service within 7 days from the date of sale, and the replacement or free warranty service within 15 days;
- ③ In case of performance failure (excluding human factors), you can enjoy free warranty service within 1 year from the date of sale;
- ④ If the repaired products need to be mailed, the mailing fee shall refer to the after-sales maintenance fee standard of the company;
- ⑤ The distributor makes other commitments to you than the company's guarantee, and the company will not bear any responsibility;

Non-warranty rule

- ① The warranty period has expired or relevant purchase vouchers (invoices, sales documents, etc.) cannot be provided;
- ② Product failure, incomplete parts or appearance damage caused by human factors;
- ③ Normal loss of products (such as natural loss of shell and plug-in parts, natural aging of components, etc.);
- ④ Product failure or damage caused by failure to install, use, maintain and store in accordance with the requirements of the operation manual;
- ⑤ Product failure or damage caused by transportation, loading and unloading during customer repair;
- ⑥ Product failure or damage caused by force majeure factors such as earthquake, fire, flood, lightning, etc.;
- ⑦ Other product failures or damages not caused by the design, technology, manufacturing, quality and other problems of the product itself;

Please keep the product packaging for warranty use.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
