UZZ PUDDING PRODUCT INSTRUCTIONS WIRELESS CHARGER NIGHT LIGHT  Thank you so much for choosing our product, please read the manual carefully before using the product.	FEATURES • Simple and exquisite shape. • Night light. • Wireless fast charge. • Charging distance≤6mm. APPEARANCE BUTTONS  ① Induction area of wireless charging device ② Transparent mask ③ Lampshade ④ Touch switch for lighting adjustment ⑤ Type-C input port ⑥ Silicone non-slip mat ⑦ Charging indicator	OPERATION METHOD 1. Connect the USB port of the USB data cable to the power adapter, and connect the Type-C port to the wireless charger. 2. After the product is powered on, the charging indicator light keeps on. 3. Place the required wireless charging device in the charging indicator area of the product, and the charging indicator light will be on, enter the charging state, and turn off after being fully charged. 4. When foreign objects are detected, the blue and white lights flash alternately. 	NIGHT LIGHT FUNCTION • Touch the switch once for 50% brightness. • Touch the switch twice for 100% brightness. • Touch the switch third time for RGB colors cycle light. • Touch the switch fourth time to turn off the light. • Adjust the mode of the light in turn. 	APPLICABLE DEVICE This product supports fast wireless charging, which complies with the Qi wireless charging standard; it realizes short-distance wireless power transmission through magnetic induction. This device supports all wireless charging devices that meet the Qi standard. When using a 5V output adapter, Wireless charging supports 5W load. When using an adapter that meets QC2.0 and above standards, the wireless charging supports 10W load. Support overcharge protection and overcurrent protection. ATTENTION POINTS • Do not use or store the product in direct sunlight or high temperature places for a long time. • Do not charge in places too close to magnetic cards, magnetic recording media, and precision instruments. • Do not disassemble or modify this product. • Do not touch the AC adapter with wet hands. • Keep this product away from water or other liquids. • If you want to clean the product, please disconnect the power. • Product working environment temperature range: -20—45℃.	SPECIFICATIONS Model: SLC1 Material: Imported ABS/PS Input:DC5V=2.1A 9V=2A Charging efficiency:75% Power:10W/15W LED Output:2.5W Product weight:237.8g Product size:146×146×53mm Charging port: Universal Type-C CONTACT US Company: Guangzhou Sleep Reality Technology Co., Ltd. Place of origin: China Address: Room 614-616, Block 3, Merchants Land, No. 26 Gullian North Road, Guicheng Street, Nanhai District, Foshan City Website: https://www.uzz.audio/ Service e-mail: service@uzz-tech.com FC CE RoHS Made in China	FCC Warning Statement This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna. • Increase the separation between the equipment and receiver. • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. • Consult the dealer or an experienced radio/TV technician for help. This equipment must be installed and operated with a minimum distance of 20 cm between the radiator and user body. This product may cause interference to radio equipment and should not be installed near maritime safety communications equipment or other critical navigation or communication equipment operating between 0.45 - 30 MHz.
