Solder Board-Component View 6	 A photograph of a small electronic component, likely a power module, mounted on a blue PCB. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component has several gold-colored solder joints and a small integrated circuit (IC) labeled 'C710 POWER_V02'. Other components visible include two electrolytic capacitors labeled '100µF 10V 50V' and '100µF 10V 50V'.
Solder Board-Component View 7	 A photograph of the same electronic component from a different angle, showing the underside. The component is mounted on a blue PCB and is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component has several gold-colored solder joints and a small integrated circuit (IC) labeled 'C710 POWER_V02'. Other components visible include two electrolytic capacitors labeled '100µF 10V 50V' and '100µF 10V 50V'.
