

Model: S1

EUT Housing and Board View 1	 A photograph showing the EUT housing and board. The housing is a black, elongated, rectangular component. The board is a small, rectangular circuit board with various electronic components, including a microcontroller, capacitors, and connectors. The components are mounted on the board. A black L-shaped ruler is placed next to the components for scale. The ruler has markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 1	 A photograph showing the solder board-component. The board is a small, rectangular circuit board with various electronic components, including a microcontroller, capacitors, and connectors. The components are mounted on the board. A black L-shaped ruler is placed next to the component for scale. The ruler has markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).

Solder Board-Component View 2	 A photograph of a small, irregularly shaped electronic component, likely a solder board component, placed on a blue textured surface. The component is dark with some gold-colored contacts. It is positioned next to a black L-shaped ruler with white markings in millimeters. The ruler shows dimensions of approximately 100mm by 100mm.
Solder Board-Component View 3	9  A photograph of a rectangular electronic component, likely a solder board component, placed on a blue textured surface. The component is silver with some gold-colored contacts. It is positioned next to a black L-shaped ruler with white markings in millimeters. The ruler shows dimensions of approximately 100mm by 100mm.
