Board View 1**

**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a small, irregularly shaped printed circuit board (PCB) component. The component is dark green with various electronic components soldered onto it, including a large central chip, several smaller surface-mount components, and a gold-plated connector on the left side. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component spanning approximately 40mm in width and 20mm in height.
Antenna View	 BT Ant. A photograph of a rectangular printed circuit board (PCB) component, likely an antenna. The component is dark green with a large gold-plated area in the center. It has several connectors and components along its edges. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component spanning approximately 100mm in width and 30mm in height. A red box highlights a small component on the top edge, and a red line points from the text "BT Ant." in a white box below the image to this component.
