ATTN.: Reviewing Engineer

FCC ID: 2BEHES45H

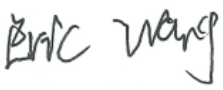

We hereby request C2PC Certification for the above mentioned FCC ID.

The reason for this request is:

The main control board, HDMI, power amplification circuit and motherboard have been redesigned, while other internal circuits and wireless modules have not been changed. This does not affect the radio frequency specification. Tests have been conducted on space radiation (30MHz - 1000MHz) and power conduction (9kHz - 30MHz).
