FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Statement

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 20cm the radiator your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

CUSTOMER SERVICE

Have questions, comments, or new feature requests? Email our team at hello@themagicbrand.co or go to help.themagicbrand.co for our self-service help center.

If you are experiencing connectivity issues, please try removing all Bluetooth devices from your car and phone. Then try to reconnect directly to The Magic Box.

The Magic Brand

Designed in San Diego, CA by Magic Brands LLC

The Magic Box™ is a registered trademark of Magic Brands LLC. Any 3rd party apps are owned and operated by their respective companies.

⚠ WARNING

NEVER watch videos while anyone is driving the vehicle, even if you are the passenger. Driver distraction may lead to death or serious injury. Only operate when parked in a safe location. ALWAYS follow safe driving rules and local traffic laws.

1 UNPACK IT.

Remove the Magic Box device and USB connection cords from the box and head to your vehicle.

2 CONNECT VIA USB

Before connecting the Magic Box via USB, please make sure you remove your vehicle from Bluetooth devices on your mobile phone.

Turn on your car and connect the Magic Box with the provided USB cord into the port typically used for CarPlay. Wait for the box to recognize your vehicle and it should automatically fire up the loading screen. You should see a blue light during this process.

3 CONNECT TO WIFI

Once in the Magic Box, navigate to **Settings > WiFi** and connect to your preferred internet source, this works for vehicle wifi or mobile hotspot.

Autosave wifi connection:
The Magic Box acts similar to a mobile phone and will save your wifi sources and any apps you log into with your specific Magic Box.

4 DOWNLOAD YOUR FAVORITE APPS AND START STREAMING

Similar to your new phone or laptop, you'll have to set up the Magic Box with your favorite apps. Once you download and login successfully, the Magic Box will remember so it's a one-time setup process
