

**PRISMATIK
DENTALCRAFT, INC.**

Attention:
Application Examiner

Re: Request for confidentiality

Applicant: Prismatik Dentalcraft Inc.
FCC ID: 2BEPY-OSA-001

To whom it may concern,

Permanent Confidentiality

Request is hereby submitted by Prismatik Dentalcraft Inc. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description

Short-Term Confidentiality

Request is further submitted by Prismatik Dentalcraft Inc. pursuant to 47 CFR 0.459 to withhold from public review, for a period of 180 days from the date of grant, the following sections of the application:

- External Photos
- Internal Photos
- User Manual

The referenced product has not been released to market. Public disclosure of the product's external appearance, internal construction, and user documentation in advance of release would give competitors early insight into the design. The 180 day period is requested to align with the planned market introduction.

Rationale for permanent confidentiality:

Prismatik Dentalcraft Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

If you have questions or need further information, please contact the undersigned.

Sincerely,

David Leeson
EVP of Engineering, Manufacturing, and R&D
Prismatik Dentalcraft Inc.
