Wireless Output for Phone: 5W,7.5W,15W(Max)

Wireless Output for Earbuds: 3W,5W (Max)

COMPATIBLE DEVICES

Widely Compatibility:Apple Macbook, Samsung Tablets and Laptops, Google Chromebook etc., HP Laptops, Dell Laptops, ThinkPad and other devices with Type C connector. For all iOS, Android Smartphones and Tablets., like iPhone, iPad, Samsung, Nokia, Sony, LG, HUAWEI Smartphones , Power Banks,Bluetooth Speaker&Headsets and More.

LED LIGHT OPERATING INSTRUCTION

WARRANTY POLICY& SUPPORT

*Congratulations and thank you for purchasing our Power Combo Tower

*We are dedicated to designing and manufacturing product with superior performance and 100% customer satisfaction. All of our products come with 1 year warranty from date of purchasing.

*Please refer to this pamphlet for information on your newly purchased product, if you have any additional questions or need assistance, please contact the seller.

CAUTION

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTICES

To prolong the product's life, please follow the instruction below:

1. DO NOT disassemble or modify this product
2. DO NOT expose to water or fire to avoid short circuit or current leakage
3. DO NOT store this product in a humid or corrosive environment

4. DO NOT use it under high-temperature conditions
5. DO NOT throw, trample or hit
6. Remove it from the power source after the operation or while it is not in use
7. Keep it out of children's reach
8. DO NOT insert objects other than appropriate cables
9. DO NOT use cables of doubtful quality for charging to avoid unnecessary accidents

Please follow the above safety instructions otherwise it will cause fire,electric shock,damage, or other damage.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Note: The Grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. such modifications could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement.

To maintain compliance with FCC's RF exposure guidelines, the distance must be at least 20 cm between the radiator and your body, and fully supported by the operating and installation configurations of the transmitter and its antenna(s).
