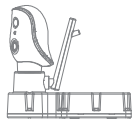
Smart Camera

User Manual



Dear User,

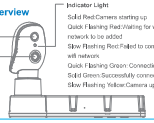
Thanks for selecting this product.Please kindly add your camera according to the Quick Start and keep the Quick Start properly.

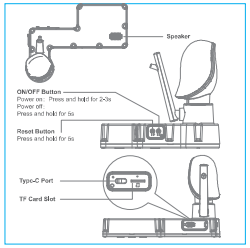
What's in the Box

WiFi Security Camera ×1

Quick Start ×1

Product Overview

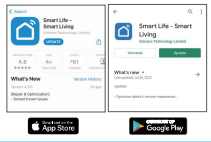




Get Ready

- Know your Wi-Fi network and password
- Make sure your mobile device is running iOS® 11 or higher or Android™ 6.0+ or higher
- Make sure you're connecting to a 2.4GHz Wi-Fi network (It can't connect to 5GHz networks)

1 Download the Smart Life app from App Store or Google Play.



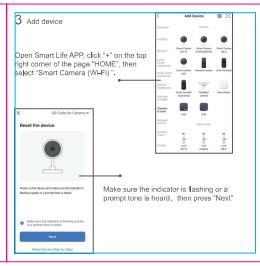
2 Register an account on your Smart Life app

STEP 1,
Enter your mobile phone number or email address.

STEP 2,
Enter the verification code and create a password.

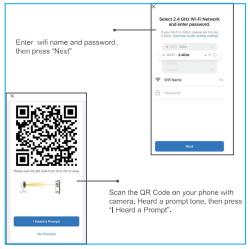
3 Add device

Open Smart Life APP, click '+' on the top right corner of the page "HOME", then select "Smart Camera (Wi-Fi) ".

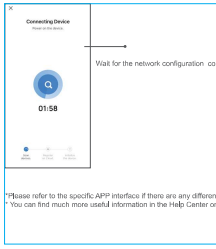


Make sure the indicator is flashing or a prompt tone is heard, then press "Next"

Enter wifi name and password, then press "Next"



Scan the QR Code on your phone with camera. Heard a prompt tone, then press "I Heard a Prompt".



Wait for the network configuration completing

*Please refer to the specific APP interface if there are any differences.
* You can find much more useful information in the Help Center on App.

Frequently Asked Questions

1 Can I share with family and friends?

Yes, you can share your cameras with family and friends who will have access to view the camera and control your bulbs, plugs, and other devices. In the app, press the Profile button and click on the "Home Management" button, and you will be able to give or revoke sharing permissions. In order to share, the other user should already have downloaded the app and registered a new account.

2 What's the Wireless Range?

The range of your home Wi-Fi is heavily dependent on your home router and the conditions of the room. Check with your router specifications for exact range data.

3 How many cameras can I control?

Smart Life app can control an unlimited amount of devices in an unlimited amount of locations. Your router may have a limit of how many devices can be connected to one router.

4 My device can't be connected to network with App

- Make sure the device is under the config status (indicator light is flashing quickly)
- Make sure the Wi-Fi is available and not too far away from router
- Make sure the Wi-Fi password you input is correct

5 My device shows offline in my App

- Make sure the device is powered on
- Make sure the network is stable and the Wi-Fi name and password not modified. If not, add device again.
- If the network is normal, but it's still offline. Check if there are too many Wi-Fi connections. You can restart your router to check the status of the device.

Charging Camera

1. The camera is with built-in rechargeable battery

2. When charging, please use the camera Type-C cable to connect camera and 1.5A adaptor. then plug the adaptor into power outlet for charging. the indicator light on camera will turns solid white(if the indicator light flashes when charging,please contact customer service)

warning

Federal Communications Commission (FCC) Declaration of Conformity

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.
This device complies with Part 15 of the FCC Rules.Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which
the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

- Never used the appliance and its battery in extreme conditions (high or low extreme temperatures, high altitude...) during use, storage or transportation.
- Warning: Batteries shall not be exposed to excessive heat such as sunshine, fire or the like.
- Never damage the appliance and its battery.
- Never short circuit the battery.

Declaration Of Conformity European Notice

Hereby, Ningbo Lingzhu Technology CO., Ltd. declares that this product is in compliance with essential requirements and other relevant provisions of Directive 2014/53/EU,2011/65/EU.

This product must not be disposed of as normal household waste, in accordance with EU directive for waste electrical and electronic equipment (WEEE- 2012/19/EU). Instead, it should be disposed of by returning it to the point of sale, or to a municipal recycling collection point.
The device could be used with a separation distance of 20cm to the human body.

English Warning Statement:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired operation of the device

French Warning Statement:

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
(1) L' appareil ne doit pas produire de brouillage;
(2) L' appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d' en compromettre le fonctionnement.

Radiation Exposure Statement:

This equipment complies with Canada RF exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Cet appareil est conforme aux limites d'exposition aux rayonnements de IIC établies pour un incontrôlé environnement. L'appareil doit être installé et utilisé avec une distance minimale de 20cm entre le radiateur et votre corps.

Technical Sepcifications

- Operating temperature -20℃ ~ 50℃, Operating humidity 10%~95% No condonsation

Notice:
The maximum normal condition operating temperature is defined as +50°C except battery charging conditions. The maximum battery charger temperature is defined as 40°C.

- Frequency Range: 2.412~2.472GHz(EU), RF Output Power ≤20dBm Frequency Range: 2.412~2.462GHz(US/CA)
- Power: General 5V Direct Current 1.5A, symbol ⎓ means direct current

Please read the instruction manual carefully before using the product
