⚠ WARNING:

PHYSICIAN WARNING: Not all exercise equipment and programs are suitable for everyone. It is recommended that you consult your physician before using this equipment or beginning this or any other exercise program.

- Regularly check for wear and tear. Stop using Reactive Flash if any part of it breaks. Failure to do so could result in injury.
- When in use, make sure the Reactive Flash is set up in a clear area to avoid injury.
- When using the Reactive Flash, others should stay clear of the area to reduce the risk of injury.
- Not suitable for children under 3 years of age.
- Any alteration of this product or its components will result in a disclaimer of liability.

⚠ CAUTION:

- Do not leave Reactive Flash outdoors for extended periods of time.
- Avoid storing the Reactive Flash in extremely hot or cold environments as this could reduce the life span of the product.

⚠ WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

GAME MODES

BATTLE TAP

2 PLAYER

Players are battling to tap or red or blue light first – throughout selected amount of time.

Every time a pod is tapped colors will randomly switch pods.
Red/Blue = point added to corresponding team.
No color = buzzer sounds.

ODD COLOR OUT

1 PLAYER

Player chases odd color pod (1 is unique, 3 are the same) to accumulate as many points as possible in selected amount of time.

Pods will change color on any tap, correct or incorrect, and randomly change odd color.

WILDCARD

1 PLAYER

Speaker will call out which color to tap and the player responds as fast as possible to accumulate as many points as possible in selected amount of time.

Each color will always appear across the 4 pods and will randomly change after every tap.
Pods will change color on any tap, correct or incorrect.

COLOR CHASE

4 PLAYER

Each player is assigned a color – red, blue, green, yellow. Players race to tap their assigned color & speaker calls out which color was tapped first.

Pods will randomly change color on any tap.
