

Before unpacking your HerdDogg devices, please complete the following:

HerdDogg Account setup:

- Scan this QR code to download the HerdDogg App
- Open the HerdDogg App and tap the "Sign Up" button
- Enter your account information
- Tap "Sign Up" to finish creating your account
- Review the Terms and Conditions and tap "Accept"

Welcome Screen:

- Have your Premise details ready
- From the dropdown menu, select your Premise Type
- From the next dropdown menu, select your Producer Type
- Tap "Create Your Premise"

Creating your Premise:

- On the Premise Screen, assign a name and address to your Premise
- Upload your Premise logo (optional)
- Tap "Next"

Claim your packages:

- Unpack your product and locate the QR codes on the device packages
- From App's Dashboard, tap >Menu >Hardware >Quick Start
- Scan the QR code affixed to each bag to assign the HerdDogg devices to your Premise

Recommended Tagger: Y-Tex® Ultra Compact

(The tag backs provided in the kit are designed to work exclusively with Y-Tex® taggers.)

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

To comply with FCC and ICES RF Exposure requirements, this device must be installed and operated with a minimum separation distance of 20 cm (8 inches) between the device and any person at all times during normal operation. Failure to maintain this distance may result in non-compliance with RF exposure guidelines.

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Pour se conformer aux exigences d'exposition RF de la FCC et d'ISED, cet appareil doit être installé et utilisé avec une distance de séparation minimale de 20 cm (8 pouces) entre l'appareil et toute personne à tout moment pendant son fonctionnement normal. Le non-respect de cette distance peut entraîner une non-conformité aux directives d'exposition RF.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
