Send Photos

Option 1: Use the free Skylight app to send dozens of photos at once.

Option 2: Send up to 25MB of photos to your Frame's unique email address.

Either way, the photos you or your loved ones send will automatically appear on your Frame in seconds!

Interact with Photos

Swipe: When photos arrive, they'll play in a slideshow. Swipe to view additional photos.

Zoom: To make a photo fill the screen, take two fingers (for example your two index fingers), and pinch to zoom in.

Heart: Tell a sender you love a photo by tapping the heart button in the lower-right corner of the screen. You can also hide this button by going to Settings > Advanced Features.

Wi-Fi

You'll need Wi-Fi for the initial setup and to receive new photos, but you can still view photos without a Wi-Fi connection.

Assembly Instructions

First, decide whether you'd like to display your Frame in a landscape (horizontal) or portrait (vertical) orientation.

Then, simply insert the support stand into the back of your Frame, either on the side (for landscape) or the bottom (for portrait).

Note: After set-up, you can also use the wall mount hole to mount it on the wall.
