Subject; **Module Approval Request Letter**

Company name: Shanghai Neardi Technology Co., LTD.
FCC ID: 2BFAK-FD7652P

Dear Sir/Madam,

This letter includes the FCC application requirements for Modular Transmitter Approval Request for;-

FCC KDB 996369 D01 'Module Certification Guide v02; and
FCC KDB 996369 D03 OEM Manual v01

In accordance with 47CFR 15.212 Modular Transmitters and KDB 996369 D01 'Module Equip Auth Guide v02'. FCC ID: **2BFAK-FD7652P** has been examined against the following requirements.

Requirement per 15.212 and KDB 996369 D01	Explanation from Grantee (do not write yes/no, but explain why product complies/how it is achieved)
The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly.	Yes; the module with a shield.
The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal.	Yes; The module features buffer modulation/data input, which enables stable transmission, rate matching, isolation protection, to ensure that the device complies with the requirements of Part 15 under any type of input signal.
The module must contain power supply regulation on the module.	Yes; The modular has an onboard 3.3V regulator(integrated in SW7652S).
The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).	Yes; The modular has two External antennas which comply with the antenna requirement of Section 15.203,Maximum Antenna Gain is 2.00 dBi(Max.) for 2.4G Band and 2.0dBi(Max.) for 5G Band
The module must demonstrate compliance in a stand-alone configuration.	Yes; The modular was tested in a standalone configuration apart from host units.
The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (see KDB Publication 784748).	Yes ; The FCCID of the module is printed on the front shielding cover of the module. Please refer to the label and location section.

Shanghai Neardi Technology Co., LTD.

The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee.	Yes This module meets all the technical requirements of the transmitter (including shielding cover, buffer modulation, independent voltage regulation, dedicated antenna, independent certification, RF exposure, etc.). When the transferee integrates, it must strictly adhere to all the conditions specified in the module manufacturer's integration instructions: antenna designation, 20cm usage distance, simultaneous transmission, dedicated power supply, not exceeding parameters, correct labels and manuals, etc.
The module must comply with RF exposure requirements	Yes; RF cexposure evaluation performed at 20cm.

Integration Instructions for host product manufacturers

The following items are submitted in support of application for Modular Transmitter FCC ID as noted above as required by the FCC KDB 996369 D03 OEM Manual v01.

These items are provided as integration instructions for host product manufacturers (e.g., OEM instruction manual) to use when integrating a module in a host product.

Any requirements that are not applicable to the Module are as indicated below.

Summary of requirements and Checklist. Refer to the KDB for description of the complete requirements;

KDB Ref Sect	Requirements of KDB 996369 D03	User Manual Page Number reference
2.2	List of applicable FCC rules	Page 18
2.3	Summarize the specific operational use conditions	Page 19
2.4	Limited module procedures	Page 19
2.5	Trace antenna designs	Page 19
2.6	RF exposure considerations	Page 20
2.7	Antennas	Page 20
2.8	Label and compliance information	Page 21
2.9	Information on test modes and additional testing requirements	Page 21
2.10	Additional testing, Part 15 Subpart B disclaimer	Page 21
2.11	Note EMI Considerations	Page 22
2.12	How to Make Changes - Important Note	Page 22
