Vacuum Suction Wireless Charging

FCC ID : 2BFL3-K007S

Input Voltage : DC 5V / 2A, 9V / 1.67A

Output Power : 7.5W 10W 15W (15W MAX)

MADE IN CHINA

FCC Warning Statement

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment must be installed and operated with a minimum distance of 20 cm between the radiator and user body.

Vacuum Suction Wireless Charging

User Manual

1 | Product & Accessories Overview

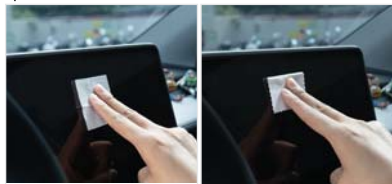

1

Product and Included Accessories

2

Ensure the mounting surface is **smooth and clean** for optimal suction.

3

To attach the suction cup: Align it with the surface, press firmly toward the suction cup, then rotate clockwise to lock in place.

2 | Usage Instructions

4

Adjusting the magnetic mount: Pull out the magnetic base; 360° rotatable for flexible positioning.

5

Mounting your phone: Attach the phone directly to the magnetic base.

6

Plug the data cable into the side port.

3 | Application Scenarios

7

Align your phone with the MagSafe position, attached and charging.

8

For non-magnetic phones: Apply the included **magnetic adapter sheet** to your phone or case. Press firmly and let it sit for **2 hours** before use.

9

Car installation: Mount on a car's windshield, window, or dashboard screen.

4 | Application Scenarios

10

Alternative mounting with adhesive PC pad: Peel off the protective layer. Attach to a flat surface, press firmly, and let it sit for 2 hours.

11

Secure the suction cup to the installed pad.

12

Mirror mounting: Ideal for watching videos or news while grooming.

5 | Extended Applications (Requires smooth surfaces)

13

Desk stand: Use on smooth tables as a phone holder.

14

Removal instructions: Rotate the suction cup counterclockwise to detach. If suction is too strong, gently lift the protruding edge of the suction cup.
