

WIRELESS HEADPHONES

INSTRUCTIONS

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution:

Changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

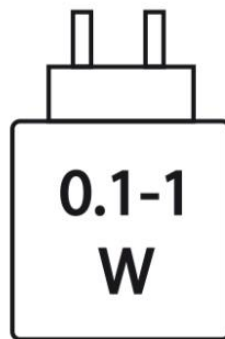

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

EN Wireless Headphones

Product Specifications

- Bluetooth Range: 10m
- Talking/music-playing time: up to 12 hours
- Charging time: approx. 2 hours
- Power button/Play/Pause/Answer and hang up calls
- USB Charging Cable (Included)
- Built in Microphone
- Frequency range (2400 MHz to 2483.5MHz)
- Max RF output power (<10dBm)
- M/ TF mode conversion
- Previous Track (Press 3 Seconds) / Volume + (Hold Down)
- Next Track (Press 3 Seconds) / Volume - (Hold Down)

Turning ON: Hold the power button down for 3 seconds to turn the headphones ON. You will hear the prompt 'Hello! Pairing' and the LED light will flash Blue & Red consistently (waiting for Bluetooth connection).

Turning OFF: Hold the power button down again for 3 seconds to turn the headphones OFF. You will hear the prompt 'Goodbye' and the LED light will switch off.

Connecting to Bluetooth

1. Turn the earphones ON.
2. Turn on your device and make sure the Bluetooth function is activated.
3. Search for " STITCH GL HP " and select it to pair, The headphones will make a sound "We are connected " and the LED light will switch off.
4. You can now play music from your device and listen using the headphones.
5. Once you turn your devices Bluetooth off, the earphones will make a noise and the LED light will flash Blue & Red fast again to show it's waiting to be connected.

Listening to music

- Press the ON/OFF once to pause and play tracks
- Previous Track (Press 3 Seconds) / Volume + (Hold Down)
- Next Track (Press 3 Seconds) / Volume - (Hold Down)

Answer/end calls

Press the ON/OFF button once to answer and again to end a call.

Charging the Headphones

1. Switch the headphones OFF before charging.
2. Plug the USB cable (supplied) into the headphones and connect to a USB charging port.
3. A red LED light within the headphone will illuminate to indicate charging.
4. Once charging is complete, the red LED light within the headphone will turn off.

Note:

- Charge the headphones fully before using for the first time.
- The headphones will turn off automatically if the device is not paired within 15 minutes of switching them on.
- If the headphones fail to connect, restart the headphones or try charging them to ensure decent battery level.

Troubleshooting:

If the device fails to pair more than twice;

1. Double check that the product is compatible with your device
2. Charge it in case of low battery
3. Check if the headphones are in pairing mode
4. Restart the headphones
5. If surrounded by too many Bluetooth devices this might be causing interference.

If the volume is too low;

1. Check and adjust the volume on the connected device
2. Charge the headphones in case of low battery

If the sound won't work;

1. Ensure that the distance between the headphones and the paired device is with valid distance.
2. Check for interference

If the LED Light is not working;

1. Please check again after fully charging the headphones
2. Restart the headphones

Bluetooth Version	V5.3
Protocols	SPP/AVCTP/AVDTP/GAVDP/A2DP/AVRCP/HFP/IOP/HID
Connection Distance	10m
Charging	5Vdc,500mA
Charging Time	2h
Standby Time	Up to 120 h
Built-In Lithium Battery	300mAh Polymer
Frequency Response	20Hz-20 kHz
Sensitivity	90±3dB
Output Impedance	32 Ω
Music Playback Time at 100% volume	Up to 6h
Music Playback Time at 50% volume	Up to 12h
Manufacturer's specified maximum operating temperature	45°C/113°F

Safety Recommendations

Do not use the earphones whilst they are charging. Adjust volume to an appropriate level.

Loud sounds may damage your hearing. Volume restricted in line with EU guidelines. For traffic safety, never use your earphones while riding a bicycle, motorbike or driving. Any signs of wear and tear please discard immediately. Do not use if connections are loose.
