Charge your Speakerv

- Use a certified USB-C cable and charger to prevent any damage.
- Fully charge this speaker before the first use to prolong the lifespan of the built-in battery.
- Disconnect this speaker from the charger when fully charged. Do not charge for extended periods.

	Flashing red	Low battery
	Steady red	Being charged
	Steady white	Fully charged

Charge your USB Devices

Charge your USB devices through the USB-A charging port.

Powering On/Off

	Press and hold for 2 seconds		Steady white	Power on
	Press and hold for 2 seconds		Light off	Power off

- This speaker will power off automatically after 30 minutes if no device is connected.

Using Your Speaker

Bluetooth Mode

With this speaker, you can enjoy music through your Bluetooth-enabled devices.

	Press	Enter Bluetooth pairing mode
	Flashing blue	Bluetooth pairing
	Steady blue	Bluetooth connected

- Each time you power on your Soundcore speaker, it will automatically connect to your last connected device if available within the Bluetooth range. If not, press the Bluetooth button to enter Bluetooth pairing mode.

(True Wireless Stereo) Mode

Two identical Soundcore speakers can pair up with each other for true wireless stereo sound. In mode, connect either one of the two speakers with your mobile device so that both speakers play the same audio (one as L channel and the other as R channel).

On both Soundcore speakers, press the button to enter pairing mode.

- The speakers start searching for each other to establish the connection. The LED indicator on both speakers will flash white.
- Once successfully connected, the LED indicator on both speakers will become steady white.

	Press	Enter pairing mode
	Flashing white	pairing
	Steady white	connected

- To exit the mode, press and hold the button for 2 seconds.

Button Controls

	Press	Play/Pause
	Press twice	Next track
	Press three times	Previous track
	Press or press and hold	Adjust volume
	Press	Turn BassUp on/off

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
