

Solder Board-Component View 5	 A photograph of a blue printed circuit board (PCB) component, labeled 'LCD17-V1.1', placed on a blue textured surface. The component is rectangular with various electronic components, including a microcontroller, capacitors, and a connector. It is positioned next to a metal ruler for scale. The ruler shows centimeters (1 to 11) and millimeters (0.5 mm to 10 mm).
Solder Board-Component View 6	 A photograph of the same blue PCB component from a different angle, showing the back side. It is placed on the same blue textured surface next to the same metal ruler for scale. The ruler shows centimeters (1 to 11) and millimeters (0.5 mm to 10 mm).

Solder Board-Component View 7	 A photograph of a small green printed circuit board (PCB) component, identified as View 7. The component is rectangular and features several surface-mounted components, including a small black integrated circuit (IC) with the marking "LM A92 022". It is positioned next to a metal ruler for scale. The ruler has markings in centimeters (0 to 12) and millimeters (0.5 mm to 12 mm). The background is a blue textured surface.
Solder Board-Component View 8	 A photograph of a small green printed circuit board (PCB) component, identified as View 8. The component is rectangular and features several surface-mounted components, including a white connector, a black integrated circuit (IC) with the marking "A133-POWER_V1.3", and a component with the marking "RCX 2K23". It is positioned next to a metal ruler for scale. The ruler has markings in centimeters (0 to 12) and millimeters (0.5 mm to 12 mm). The background is a blue textured surface.

Solder Board-Component View 9	 A photograph of a green printed circuit board (PCB) component, labeled 'A133_Button_v1.2', '2024V4.02', and 'RCX2-22'. The component is positioned horizontally between two metal rulers. The vertical ruler on the left shows a scale from 1 to 12 cm. The horizontal ruler at the bottom shows a scale from 1 to 14 cm. The component is placed on a blue textured surface.
Solder Board-Component View 10	 A photograph of the same green PCB component from a different perspective, showing its profile. It is positioned between the same two metal rulers as in View 9, on the same blue textured surface. The vertical ruler on the left shows a scale from 1 to 12 cm, and the horizontal ruler at the bottom shows a scale from 1 to 14 cm.
