You can also find answers to common questions in the FAQ section at the end of this manual.	Table of contents 01 Packaging Contents Display 02 Product Overview 03 How to use 05 Charging Instructions 06 Daily use and warranty policy 07 FAQ 11 Precautions	Packaging Contents Display  x 1  x 1  x 1	Product Overview  ① Power / MFB Button ④ Volume + ② Charging Contacts ⑤ LED Indicator ③ Volume -	How to use ① Button Description ② Power On/Off Instructions Power On: Press and hold the Power/MFB button for about 2 seconds until the LED indicator flashes red and blue. The headphones are now in pairing mode. Power Off: Press and hold the Power/MFB button for about 3 seconds until the LED indicator turns red. The headphones will power off.	How to use ③ Connect Pairing 1: Press and hold the Power/MFB button for about 2 seconds until the LED indicator starts flashing red and blue. You will hear the voice prompt "Power on," followed by "Pairing." 2: On your device, go to Bluetooth settings, turn on Bluetooth, select "J1" from the list of available devices, and wait for the voice prompt "Connected."	Charging Instructions  ① When the red LED indicator starts flashing or you hear the voice prompt "Battery low," it's time to charge your JAMSYNC-J1 headphones. ② Attach the included magnetic charging cable to the charging contacts on the headphones. You will hear a soft "click" sound when the connection is secure. Then, plug the USB end of the cable into a USB charger or computer port. ③ Once connected, the LED indicator will turn solid red to show that charging has started. When fully charged, the light will turn solid blue. ④ Charging takes approximately 2 hours.	Daily use and warranty policy ① Care and Safety Tips 1. Do not charge the headphones immediately after exercise. Before charging, wipe off sweat stains on the charging contacts with a dry cloth. This helps prevent moisture damage and prolongs the life of the product. 2. Regular cleaning is recommended, but avoid direct rinsing or soaking. Do not expose the speaker grille to running water or immerse it in liquid, as this may affect the sound quality and speaker performance. 3. If stored for a long time, charge before use. This ensures that the battery remains in good condition and prevents low battery problems after long-term storage. ② Warranty Policy We provide an 18-month warranty policy. Please consult the customer service manager for specific warranty conditions. ✉ Email: Jams-service@outlook.com	FAQ F: Can I connect one headphones to two devices? A: Yes, Please refer to the steps below. 1. Follow the standard pairing steps to connect the headphones to your first device. 2. Once connected, turn off Bluetooth on the first device. The headphones will automatically enter pairing mode again (the LED indicator will flash red and blue).  3. Turn on Bluetooth on the second device, select "J1" from the Bluetooth list, and then successfully connect with the "Connected" voice prompt.	FAQ  4. Now, turn Bluetooth back on the first device and reconnect to "J1" from the Bluetooth list. Your headphones is now connected to two devices. Tips for Dual-Device Connection 1. When connected to two devices, audio can only play from one device at a time. 2. To switch playback to the other device, pause or stop the music on the first device before starting playback on the second.

FAQ	FAQ	Precautions	Precautions	JAMSYNC FC Made in China	
Q: Do the headphones reconnect automatically? A: Yes, if the bluetooth headphones have been previously paired, press and hold the power button for 2 seconds until you hear the voice prompt "Power on". The bluetooth headphones will automatically reconnect to the last paired device. Other previously paired devices will need to be manually connected through their Bluetooth settings. Q: What should I do if the device cannot search for the headphones Bluetooth model? A: If the LED indicator continues to flash red and blue after the headphones is turned on, but your device cannot find the Bluetooth name of the bluetooth headphones: "J1" Please turn Bluetooth off on your device and then turn it back on. Also turn the headphones off and back on to put it back into the search and pairing state. After the device Bluetooth restarts, search for the headphones Bluetooth model "J1" and try to pair it again. Your device will successfully detect and connect to the headphones.	Q: Can I use the headphones while charging? A: No. We do not recommend using the headphones while charging as it may affect your wearing comfort. Q: Are these headphones waterproof? A: No, the JAMSYNC-J1 headphones are not completely waterproof. They are rated IPX5, which means they are water and sweat resistant for everyday use. However, do not immerse the headphones in water for a long time or use them in heavy rain, as this may damage the headphones and shorten their lifespan. Q: How can I check the battery level of the headphones? A: You can check the remaining battery level directly on your connected device — it is usually displayed as a battery icon or percentage. When the battery is low, you'll hear a voice prompt saying "Battery low." Please charge the headphones promptly after hearing this warning to avoid interruptions to your listening experience.	Note on static electricity Static electricity accumulated in the body may cause mild tingling in your ears. To minimize the effect, wear clothes made from natural materials. Others 1. Do not place this headphones in a place exposed to humidity, dust, soot or steam, or subject to direct sunlight. Do not leave the headphones in a car for a long time. it may cause a malfunction. 2.
