

5 Photographs of the Test Setup

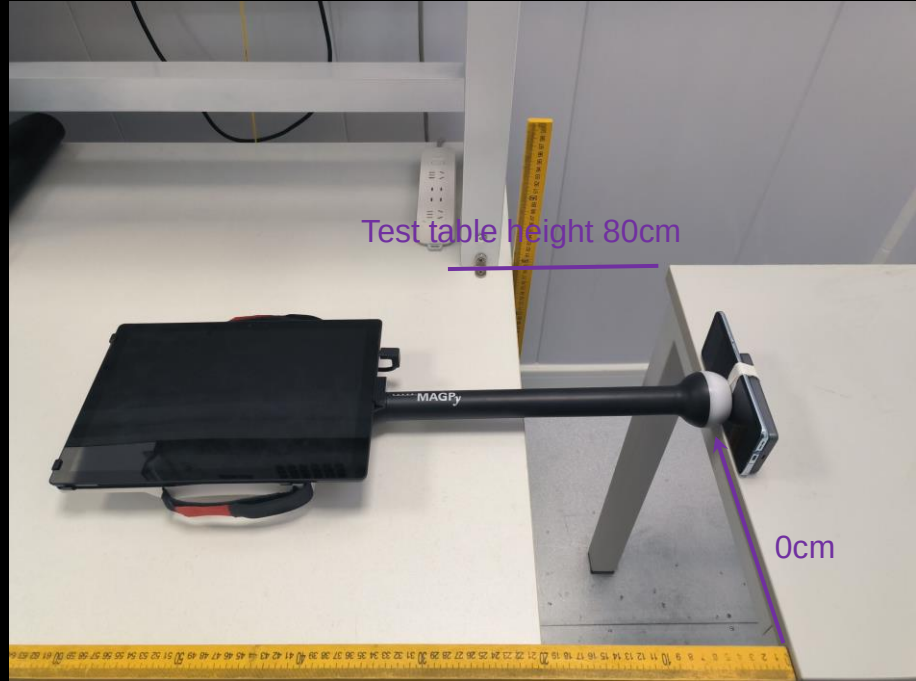

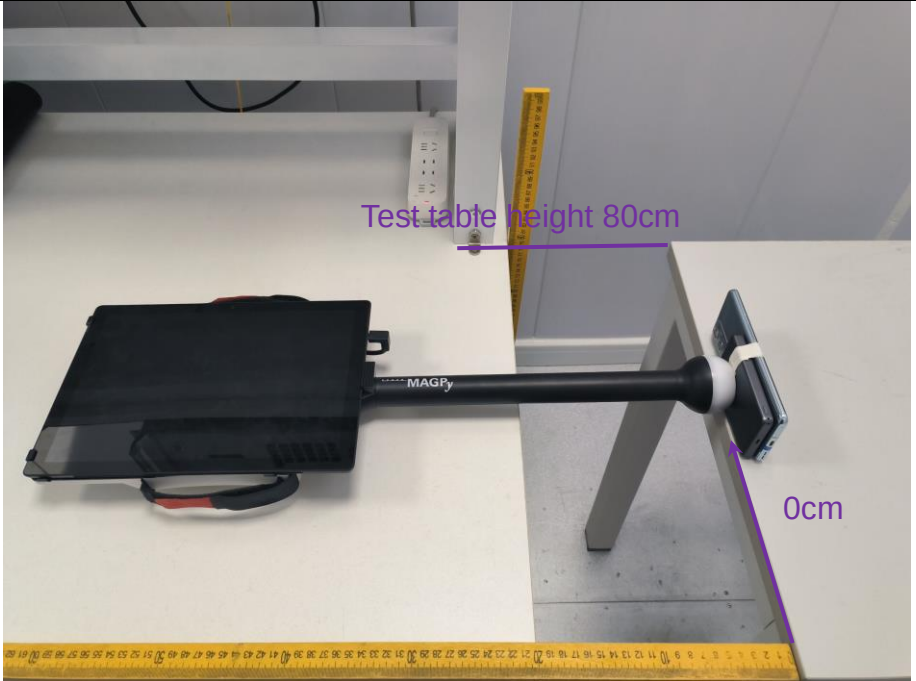

Phone	
Photo 1	
	 A photograph of a test setup on a white table. A black smartphone is mounted vertically on a stand. A yellow ruler is placed vertically behind the stand, with a purple line and text indicating a height of 80cm. Another purple line and text indicate a distance of 0cm from the base of the stand to the phone. A black device with a red handle is connected to the stand by a black cable labeled 'MAGPy'.
Photo 2	
	 A photograph of the same test setup as in Photo 1, showing the phone mounted on the stand with the 80cm height and 0cm distance measurements indicated by a yellow ruler and purple lines.
