## A top-down view of the main board (Main-Bord) of a device. The board is green and populated with numerous electronic components, including capacitors, resistors, integrated circuits, and a large black heat sink. A ruler is placed vertically along the right edge of the board for scale, showing measurements in centimeters. The board features various connectors, including a D-sub connector at the top and a USB connector at the bottom. The text "Main-Bord top" is visible in the top right corner of the image.
