Subject: Declaration Regarding RFID Antenna specifications for FCC ID 2BGQ2-ROBOTS

Dear Sir/Madam,

We hereby declare that the antenna in question is a **magnetic induction antenna**. Due to the nature of its operating principle, the **antenna gain is not applicable** and therefore does not need to be declared.

This declaration is provided to clarify compliance documentation requirements and to support the certification process.

Should you require any additional information, please do not hesitate to contact us.

Sincerely,

Itay Dagan
Business Unit Manager
