Power Bank
User Manual

EN
Product Description

- 1 Phone / Earphone / Apple Watch Charging Module
- 2 Battery Indicator
- 3 USB-C Input/Output
- 4 Power Button

01

EN
Product Specification

Product Name	Power Bank
Type-C Input	5V $\approx$ 3A, 9V $\approx$ 2.0A, 12V $\approx$ 1.5A
USB-C Output	5V $\approx$ 3A, 9V $\approx$ 2.22A, 12V $\approx$ 1.67A
Output	2.5W/5W/7.5W/10W/15W
Maximum Output	20W
Battery Capacity	10000mAh
Size	103.5×67×15.6mm
Weight	200±5g
Material	Aluminum

Magnetic Charging Compatibility

For Apple Devices:

- iPhone 15, iPhone 15 Pro, iPhone 15 Pro Max, iPhone 15 Plus
- iPhone 14, iPhone 14 Pro, iPhone 14 Pro Max, iPhone 14 Plus
- iPhone 13, iPhone 13 Pro, iPhone 13 Pro Max, iPhone 13 mini
- iPhone 12, iPhone 12 Pro, iPhone 12 Pro Max, iPhone 12 mini

Universal Compatibility

Supports all devices with Qi wireless charging capability

Product Instructions

1. Press the power button to turn on the product. The power indicator will light up, showing the remaining battery level.
2. Place a Qi-compatible mobile phone on the charging module to start charging, and the blue indicator light will turn on.
3. Remove the device. The product will enter standby mode and automatically power off after a short time when not in use.
4. Double-click the power button to turn off the product manually.
5. Do not use another charger to charge the phone or this magnetic power bank while in use.

02

EN
Precautions

1. Do not pull the power cord forcibly to prevent damage or disconnection.
2. Avoid disassembling the product or exposing it to fire or water to prevent short circuits.
3. Keep the device away from extreme heat, humidity, or corrosive environments to avoid damage.
4. Keep the product out of children's reach to prevent accidents.

FAQ

1. Why isn't my phone charging?

- A. Ensure the phone is properly aligned with the charging module.
- B. Ensure the product has enough power.

2. Why does the product heat up during charging?

Warming is normal for this product and the phone, but it should not overheat.

3. Why is my phone charging intermittently?

The phone might not be properly positioned. Adjust its placement for better electromagnetic induction.

Warranty Service

- The product is covered by a warranty for a period of 24 months.

FCC Warning Statement

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment must be installed and operated with a minimum distance of 0 cm between the radiator and user body.
