

AP REFERENCE

PRODUCT LABEL AND LOCATION

AP915D

Input:  +19V, 3.2A

Model: AP915D Rev: A
S/N: 241180003
MAC:00:12:4B:00:1C:AA:5A:A2
FCC ID: 2BGXY- AP1141
IC: 32980-AP1141

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

AP915HPRO

Input:  +19V, 3.2A

Model: AP915HPRO Rev: A
S/N: 241180003
MAC:00:12:4B:00:1C:AA:5A:A4
FCC ID: 2BGXY- AP1141
IC: 32980-AP1141t

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
