Subject: Requesting Class II permissive change for FCC ID: **2BGZ7-S2PRO**

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for FCC ID: **2BGZ7-S2PRO**, original granted on **06/19/2025**

Applicant: **Fourth Space CO., LTD**

A. DESCRIPTION OF PRODUCT CHANGES

1. Add power adapter (Model: GM550-4801100-F) based on original FCC Grant;

B. PERFORMANCE DIFFERENCES

Description	Re-testing item	Remark
Maximum Conducted Output Power	Need	Measured conducted power with add power adapter and not higher than original grant, tune up tolerance keep same as original grant
20dB Occupied Bandwidth, Carrier Frequency Separation, Hopping Channel Number, Dwell Time, Spurious emission on antenna port (including Band-edge)	No Need	Measured conducted power less than original grant, RF section no need measure again
External Photos	Need	External photos add power adapter
Internal Photos	No need	Internal not change
Test Setup Photos	Need	Add Conducted emission, radiated emission
User manual	No need	No change
RF exposure evaluation	Need	Update power values with new power adapter
Schematic	No need	No change
Block Diagram	No need	No change
Operation Description	No need	No change, tune up tolerance keep same as original grant
Radiated emission for FCC part 15C including radiated band edge	Need	Add new power adapter need check Radiated emission for FCC part 15C
Conducted emission for FCC part 15	Need	Add new power adapter need check conducted emission for FCC part 15C

C. CONCLUSION

This radio continues to meet all FCC standard requirements, including RF Exposure, thus this change does meet requirements a Class II Permissive Change.

Please contact me if you have any questions or need further information regarding this application.

Sincerely,

Miaoxin Lai
