SAFETY INFORMATION

IMPORTANT SAFETY INSTRUCTIONS
READ ALL INSTRUCTIONS

 WARNING	WARNING: Electric Shock Hazard! May cause serious injury or death. Turn OFF the power supply to the circuit breaker before installation. WARNING: Do not submerge in liquids or use the product in the vicinity of standing water or other liquids. WARNING: Avoid installing near potentially dangerous sources (e.g. open flames, liquid-filled objects) WARNING: Do not secure this product with staples, nails, or other sharp objects that may damage the insulation. WARNING: Do not cover this product as the covering may cause the product to overheat and either melt or ignite. WARNING: Do not use if there is any damage to the light or cord insulation. Inspect periodically. WARNING: Use this product with the provided power supply only.
 CAUTION	CAUTION: Do not install near heat sources. CAUTION: Do not install within 2.9m/9.5ft of a pool or spa. CAUTION: Do not allow children to install alone. CAUTION: The input terminal needs to distinguish between positive and negative terminals, and ensure that there are no short circuits or incorrect electrical connections before connecting to the power supply. CAUTION: When installed on the surface of metal or other conductive materials, insulation protection is required. CAUTION: Rated for indoor use only. Do not use outdoor.

FCC AND IC RADIATION EXPOSURE STATEMENT

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator & your body.

This device uses a non-replaceable light source. When the light source reaches the end of its life cycle, the device should be replaced. Not intended for illumination. Only used for creating ambiance.

WARNING: PROPOSITION 65

This product can expose you to chemicals including Lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

RESPONSIBLE PARTY:

BrightLux by American Lighting
Denver, CO 80239
1-844-255-9692

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC WARNING

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio

frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

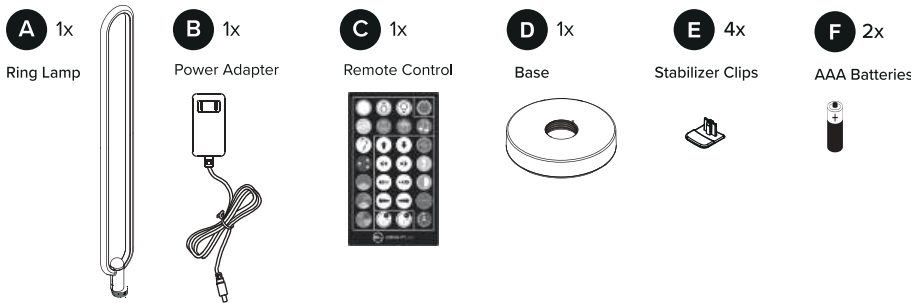

Reorient or relocate the antenna.
Increase the separation between the equipment and the receiver.
Connect the equipment into an outlet different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

BATTERY WARNINGS & PRECAUTIONS

Do not mix old and new batteries.
Do not mix different battery types, including alkaline, carbon-zinc, or rechargeable batteries.
Always remove exhausted batteries from the remote control promptly.
If the remote control will not be used for an extended period, remove the batteries to prevent possible leakage and damage.
Do not dispose of batteries in fire.
Batteries may explode or leak.
Ensure batteries are installed with the correct polarity (+ and -).
Do not attempt to charge non-rechargeable batteries.
Keep batteries out of reach of children.
Dispose of depleted batteries in accordance with local regulations. Do not dispose of batteries in household waste.

PACKAGE CONTENTS

INSTALLATION

BEFORE YOU INSTALL

- Unpack the box and check all items listed in the packing list.
- If any part is missing or damaged, do not attempt to install or operate. Contact customer service.

INSTALLING THE RING LAMP

1 Align the external thread of the ring lamp with the internal thread on the base and tighten securely.

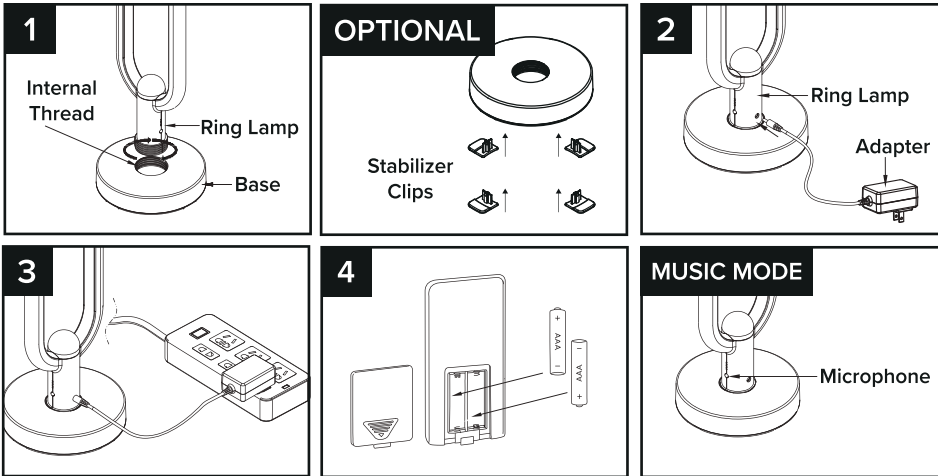

OPTIONAL Add stabilizer clips for added support

2 Connect the adapter to the ring lamp.
Adapter Input: 120V AC, 60Hz
Adapter Output: 12V DC

3 Power on and test the unit.

4 Install the batteries into the remote control, ensuring the polarity matches the markings inside the battery compartment.

MUSIC MODE position the audio source within 30–50 cm (12–20 in.) of the product microphone for best performance.

OPERATION

HANDHELD REMOTE CONTROL

- For best performance, operate the remote control within:
 - Distance: up to 16 ft (5 m)
 - Angle: within 30° of the receiver
- Ensure there are no obstructions between the remote control and the lamp receiver.
- Red Flash means animation mode can't be adjusted further
- To use effect modes, first select the color mode you'd like to effect. Then, select the effect mode (e.g. Chase, Stacking).
- Adjust the speed with the speed adjustment buttons.
- In Music Sync mode, press the speed control buttons to increase or decrease music sensitivity.

LIGHT CONTROL/EFFECTS

- Power On/Power Off
- Brightness Control (5 Levels)
- Speed Control for Modes
- Directional Chasing
- Color Selectable Spreading Stack
- Color Selectable Chasing
- 4Hour/8Hour Timer
- Cycles Through Colors
- Blinks Through Colors
- Fade Mode for Selected Color Mix
- Meteor Mode for Selected Color Mix
- Autocycle Modes/Effects

COLOR MODES

- Static Color Selection (7 Colors)
- 3-Color Mix
- 7-Color Mix
- 16-Color Mix
- White (3000/3500/4000/5000/6000K)
- Music Sync for Selected Color/Effects
- Red and White Mix
- Red, White, and Blue Mix
- Orange and Purple Mix
- Red and Green Mix

TIMER FUNCTION

Press the **4H** or **8H** timer button on the remote control to activate the timer function. The lamp will flash once to confirm the timer has been set. Once activated, the lamp will automatically turn off after the selected time period.

- To exit timer mode:
- Press the Power button to turn the lamp OFF and ON again, or
 - Unplug the power adapter and reconnect it.

SMART APP INSTRUCTIONS

- 1 Download the BrightLux smart lighting app from your smart phone's app store.
- 2 Create an account or log in to an existing account to begin adding devices to your system.
- 3 Once logged into an account, click the "Add Device" button.
 - If bluetooth is enabled within the BrightLux app, the app will automatically scan for nearby devices and you'll be able to quickly add those devices to your system.
 - To manually add a device, scroll through the list of smart appliances in the "Add Device" menu until you find the specific device you are trying to add to your system.

PAIRING MODE

If the lamp cannot be found during the app auto scan process, place the device into pairing mode before attempting to connect again.

- To enter pairing mode:
- Disconnect and connect the power cable to lamp 3-5 times until the light flashes rapidly.
 - Unplug and plug the power plug from socket 3-5 times until the light flashes rapidly.

Once the lamp is flashing, return to the BrightLux app and follow the on-screen instructions to complete pairing.

- 4 Once device pairing process has begun, follow the on-screen instructions to connect your device to your system.
- 5 Follow any additional instructions for light control in the app.

CARE AND MAINTENANCE

- Before attempting to clean the light, unplug the adapter from the power outlet.
- To clean the light, use a clean, dry, or slightly damp cloth.
- Do not use any cleaners with chemicals, solvents, or harsh abrasives, as damage to the light may occur.
- Allow the light and components to dry thoroughly before plugging the power adapter back into the power outlet.

TROUBLESHOOTING

- If the light does not connect or respond:**
- Ensure the light is powered on and flashing.
 - Confirm your WiFi network is 2.4GHz.
 - Make sure your network signal is strong.
 - Verify other devices can connect to the network.
- Remote Control Not Responding**
- If the remote control is not functioning properly, check the following:
 - Ensure the batteries are installed with the correct polarity (+ and -).
 - Replace the batteries with new AAA batteries.
 - Make sure the remote control is pointed directly at the product with no obstructions between the remote and the lamp.
 - Ensure the remote control is being used within the recommended operating range.
 - Verify the lamp is connected to power and turned ON.

- App Connection Issues**
- If the lamp cannot be found or connected within the app:
 - Confirm the lamp is in Pairing Mode.
 - Ensure the lamp is powered ON during setup.
 - Verify your smartphone is connected to a 2.4GHz Wi-Fi network.
 - Make sure Bluetooth permissions are enabled within the BrightLux app.
 - Close and reopen the app before attempting setup again.
- Factory / Pairing Mode**
- If the lamp is not flashing and cannot be discovered in the app:
 - Press and hold the Power button until the lamp begins flashing, or
 - Disconnect and connect the power cable to lamp 3-5 times until the light flashes rapidly.
 - Unplug and plug the power plug from socket 3-5 times until the light flashes rapidly.
 - Once flashing, reopen the BrightLux app and follow the pairing instructions again.

WARRANTY

The manufacturer warrants this product to be free for two (2) years against any defects that are due to faulty materials or workmanship. This warranty applies only to the original customer purchaser and only to products used in normal use and service. If this product is found to be defective, the manufacturer's only obligation, and your exclusive remedy, is the repair or replacement of the product at the manufacturer's discretion. Provided that the product has not been damaged through misuse, abuse, accident, modifications, alterations, neglect, or mishandling. This warranty shall not apply to any product that is found to have been improperly installed, set up, or used in any way not following the instructions supplied with the product. This warranty shall not apply to a failure of the product as a result of an accident, misuse, abuse, negligence, alteration, or faulty installation, or any other failure not relating to faulty workmanship. This warranty shall not apply to finish on any portion of the product, such as surface and/or weathering, as this is considered normal wear and tear. The manufacturer does not warrant and specifically disclaim any warranty, whether expressed or implied or fitness for a particular purpose, other than the warranty contained herein. The manufacturer specifically disclaims any liability and shall not be liable for any consequential or incidental loss or damage, including any labor/expense costs involved in the replacement or repair of said product.

For assistance with product or warranty, contact BrightLux Customer Service Team at support@brightluxlighting.com.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - (1) This device may not cause harmful interference.
 - (2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a class B digital device,pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However,there is no guarantee that interference will not occur in a particular installation. If this equipmemt does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

The device has been evaluated to meet general RF exposure requirement. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.
