

Disclaimer

Thank you for purchasing TILTA products.

Before using this product, please carefully read this document to ensure the product has been set up correctly. The final interpretation of this document and all related materials for this product belongs to TILTA. For updates, please visit the official website at www.tilta.com for the latest product information.

TILTA reserves the right to modify any information in this manual at any time without prior notice and without assuming any responsibility.

By using this product, you are deemed to have carefully read the disclaimer, safety notes, and warnings; understood, agreed to, and accepted all the terms and content of this statement. You agree to take full responsibility for the use of this product and any consequences that may arise. You further commit to using this product only for legitimate purposes and agree to these terms as well as any related regulations, policies, and guidelines set by TILTA.

TILTA is not responsible for any damages, injuries, or legal liabilities caused directly or indirectly by the use of this product. Users should follow all safety guidelines mentioned in this document, including but not limited to those provided herein.

Despite the above provisions, consumer rights are still protected by local laws and regulations and are not affected by this disclaimer.

Tilta Lite Control Handle for HUAWEI

- 01 Power/Record Button
Hold (2 seconds): Power on and turn on Bluetooth, hold again to power off.
- 02 Shutter Button
- 03 Side Wheel
- 04 Function Button
- 05 Zoom Lever

- 06 Power Indicator Light
Input Power: 5V / 0.5A (2.5W)
- 07 USB-C Port
- 08 1/4"-20 Thread with Locating Points
- 09 Quick-Release Pins
- 10 Safety Lock

Function Instructions

Record Button

Hold (2 seconds): Power on and enable Bluetooth, and the handle will automatically enter pairing mode.

Outside the camera application, double-click the recording button to start the specified recording mode.

In the camera app, in recording mode or photo mode,

- Click the recording button to start or end the recording (Single-click or double-click the recording button will trigger single recording start/stop);
- In video recording, click the shutter button to capture the picture.

Shutter Button

Outside the camera app, double-click the shutter response to specify a function.

In the camera app, in take picture mode:

- Half press: Response AF-C (default), custom selection switch AF-S;

AF-C (continuous focus): Continues autofocus until the shutter is fully pressed or raised.

AF-S (single focus): After focus is completed, the focus point is locked until the shutter is fully pressed or raised.

- Full press: Response photo;
- Hold: Start continuous shooting (current shooting mode is required).

Zoom Lever

In a function or mode that supports zoom, toggle the joystick to zoom, toggle the right to zoom in on the screen, and toggle the left to zoom out on the screen.

Function Button

Within the camera application,

- Click: Switch the front and rear cameras ;
- Double-click: Switch between photo or video mode ;
- Five-click: Disconnect the Bluetooth connection.

Side Wheel

Within the camera app, the jog wheel adjusts the exposure by default.

(In the professional mode, you can customize the adjustment MF.)

Safety Lock

Move the reinforcement lock handle outward and the release handle inward.

Power Indicator Light

- Charging: indicator light flashes.
- Full power: indicator light is fully on.

Bluetooth Connection Instructions

Handle: Press & hold the Record button for 2 seconds to power on and enable Bluetooth, and the handle will automatically enter pairing mode.

Phone: Enable Bluetooth on your phone, go to **Settings > NearLink & Bluetooth**, find and select Cam Handle in the device list, and confirm pairing in the dialog box displayed.

Note:

The handle will power off if it doesn't connect to a phone via Bluetooth within 5 minutes of powering-on.

Once paired, it will automatically reconnect to the phone when powered on, provided that Bluetooth is enabled on both devices.

Battery Capacity (Handle)

 **3.7V 2.59Wh 700mAh**

1. Operating Temperature:
Charging: 32°F ~ 113°F (0°C ~ 45°C);
Discharging: 14°F ~ 140°F (-10°C ~ 60°C)
2. Storage Temperature: 14°F ~ 113°F (-10°C ~ 45°C)
3. Operating Humidity: 90% ~ 95% RH (Max.)
4. Storage Humidity: ≤70% RH
5. Warranty: 12 months or ≤ 200 charge cycles

Battery Safety

【Warnings】

- The lightweight control handle contains a non-removable built-in battery. Do not attempt to replace the battery yourself, as this may damage the battery or device.
- Do not expose the battery to high temperatures or place it near heat sources such as direct sunlight, heaters, microwaves, ovens, or water heaters. Overheating may cause explosion.
- Do not disassemble, modify, insert foreign objects into, or immerse the battery in water or other liquids, as this may cause leakage, overheating, fire, or explosion.
- The battery electrolyte is highly corrosive. If it comes into contact with skin or eyes, rinse immediately with clean water for at least 15 minutes and seek medical attention.
- Do not throw the battery into fire, as this may cause fire or explosion.

- Do not drop, crush, or puncture the battery. Avoid subjecting the battery to excessive external pressure, which may cause an internal short-circuit and overheating.
- Do not use damaged batteries.
- Do not store the battery in a fully discharged state for extended periods, as this may cause deep discharge and irreversible cell damage.

Warranty Information

Dear Valued Customer: Thank you for choosing TILTA products. Please keep your warranty card safe for future repairs or service requests.

Product SKU: _____

Product Name: _____

Warranty Terms:

- The warranty covers electronic accessories for 1 year and mechanical parts for 2 years (excluding damage caused by human error).
- Damage caused by human error, self-disassembly, removal of seals, improper use, any external damage, or repairs and modifications conducted at unauthorized service centers are not covered under warranty.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures :

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution :

Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
