CHARGING AND POWERING:

- To charge the lamp, use the included 1m USB Type-C charging cable.
- Connect the USB Type-C end of the cable to the lamp's charging port located at the bottom of the lamp shade, and the USB-A end to a compatible USB power source.
- Charging time will vary depending on the power source. When plugged in, a red indicator light will illuminate at the base of the lamp shade.
- Be sure to securely close the silicone cover before using the lamp in a wet environment.

USING THE LAMP:

1. Charge the lamp with charging cable plugged into a power source.
2. Pull the cord to turn on the lights and Bluetooth® speaker
3. Quickly pull the cord twice to switch between Bluetooth®/FM mode.

CHANGING THE LIGHT

1. Pull the cord once briefly to switch the light between Warm, Neutral, and Cool White.

2. Pull and hold the cord to turn off the lights and Bluetooth® as well.

BLUETOOTH® MODE:

1. Open the Bluetooth® function on your mobile devices, search the pairing name “TECH SOL BT105” and get connected.
2. Use your mobile device to play music and control the volume. Or use the buttons on the control panel under the lamp shade to control as listed below
3. Press and hold the  button to return to the previous track, press the button once to lower the volume
4. Press the  button to play or pause music
5. Press and hold the  button to skip to the next track, press the button once to increase the volume.

FM RADIO:

1. Double press the  button when in FM Radio mode to automatically search for and save radio stations, double press  the button again to stop searching.
2. Press and hold the  button when in FM Radio mode to return to the previous station, press the button once to lower the volume
3. Press and hold the  button when in FM Radio mode to skip to the next station, press the button once to increase the volume.

PRODUCT OVERVIEW:

NEED HELP? EMAIL US:
support@merkuryinnovations.com

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

The equipment complies with FCC Radiation exposure limits set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

WARNING

To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

FCC STATEMENT

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

CAUTION: For your safety, the charging cable included with this item is intended for use with this product only.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

TECHNICAL SUPPORT:

Please do not attempt to fix the product by yourself. You can contact our technical support representatives and they will assist you with any questions you might have. For assistance operating your product, please consult the User's Manual first, then feel free to contact support@mercuryinnovations.com
