speaker lamp
2 x Faux Jellyfish
(1 Blue, 1 Pink)
1 x Instruction Manual

USER MANUAL FOR
MI-BT146

INSTRUCTIONS

1. Remove the cover and rubber seal from the top of the product.

2. Fill the aquarium bottle with clean water (It is recommended to use purified or filtered water, instead of tap water.)

3. Add 3-5 drops of liquid detergent to help the jellyfish float.

4. Place the jellyfish upside down in the water to help reduce air bubbles getting inside its head.

5. Use a stick or similar object to shake any air bubbles off the jellyfish once it is submerged in the water. Allow 24hrs for normal jellyfish movement.

6. Ensure the rubber seal is securely placed over the water fill hole to prevent leakage. Then, cover the top lid, and ensure the product is completely dry on the outside.

PAIRING TO A DEVICE:

- Press and hold the (⏮) button to turn the Jellyfish Wireless Speaker on or off.
- On your mobile phone or tablet, open the Bluetooth® settings and search for "MERKURY BT146" in the list of available devices. Once connected, an alert will sound, and you can begin playing music through the speaker.

CHANGING MODES:

- Quickly double-press the (⏮) to switch between Bluetooth® and FM mode.
- Press the (⏮) button once to cycle through the LED color options.

BLUETOOTH® MODE:

1. Play/Pause: Press the (⏮) button once to play or pause music.
2. Volume Control:
 - Press the (⏮) button once to decrease the volume.
 - Press the (⏮) button once to increase the volume.
3. Track Navigation:
 - Press and hold the (⏮) button to return to the previous track.
 - Press and hold the (⏮) button to skip to the next track.

1. Radio Station Search:
 - Press the (⏮) button twice quickly to automatically search for and save radio stations.
 - Press and hold the (⏮) button to stop searching.
2. Station Selection:
 - Press and hold the (⏮) button to tune to the previous radio station.
 - Press the (⏮) button once to decrease the volume.
3. Station Selection:
 - Press and hold the (⏮) button to tune to the next radio station.
 - Press the (⏮) button once to increase the volume.

LIGHT MODES:

- Briefly press the (⏮) button once to change the light mode or turn the light off.
- There are a total of 8 light modes you can cycle through, including RGB, red, green, blue, purple, yellow, light blue, and off.

WHEN MOTOR PROTECT OFF:

- When the jellyfish stopped swimming due to motor pump protect off after 4 hours working, press and hold the (⏮) button to re-activate the motor and the jellyfish will swim again.

RECONNECT TO BLUETOOTH®

- You only need to pair your Bluetooth® device with the speaker once.
- With your previously paired device's Bluetooth® turned on and in range, power on the speaker.
- The speaker will automatically reconnect to the last Bluetooth® device it was connected to.
- If you have a previously paired device that does not auto-reconnect, navigate to the Bluetooth® settings menu on your device, turn on the Bluetooth® feature, and select "MERKURY BT146" from your list of paired Bluetooth® devices and select "Forget." Repeat Pair & Connect steps stated above.

IMPORTANT NOTES

1. The motor will continually working 180 seconds to keep the jellyfish swimming, and have about 5 seconds break always to protect the motor.
2. It can take up to 24 hours for the jellyfish to "swim" normally.
If you see air bubbles trapped, shake them off with the included stick or a straw.
3. LED is not replaceable.
4. For indoor use only.
5. Change water occasionally when dirty.

⚠ WARNING

1. Do not eat the jellyfish or small parts.
2. The lamp is for indoor use only, keep out of direct sunlight.
3. Please keep the product on a flat surface to avoid spilling.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Statement

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 20cm the radiator your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

TECHNICAL SUPPORT:

If you are experiencing problems, do not attempt to fix the product. Please refer to the user manual or just contact our helpful tech support team at: 888-651-7900
