

WARNING:

Changes or modifications of this product not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Notice::

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference.
(2) This device must accept any interference received, including interference that may cause undesired operation.

TECHNICAL SUPPORT

Please do not attempt to fix the product by yourself. If you are experiencing any problems with the product, please do not return it to the store you bought it from. You can contact our technical support representatives and they will assist you with any questions you might have. For assistance operating your product, please consult the User's Manual first, then feel free to contact Mercury Innovations technical support:

Magnetic CHARGING DOCK For Apple Watch®

**USER MANUAL
FOR CAW02**

INCLUDES:
1 X Apple Watch Charging Dock
1 x USB-A to USB-C Cable
User Manual

NEED SUPPORT? EMAIL US: SUPPORT@MERCURYINNOVATIONS.COM

IMPORTANT: PLEASE READ BEFORE USING THIS PRODUCT

POWER:

This charging dock is USB-powered. A USB cable is included, but a plug-in power adapter is not. For optimal performance, use a USB power adapter rated for at least 5V/1A (not included). Use a UL or ETL certified USB power adapter for safe and reliable charging.

TECHNICAL SPECIFICATIONS

- Input: 5V/1A
- Output: 3W Max
- Safety Features:
 - Over-Current Protection
 - Over-Voltage Protection
 - Over-Temperature Protection

CHARGING TIMES (APPROXIMATE):

- Apple Watch Series 9: Around 3 hours (wireless charging, 2.5W max)
- Apple Watch Ultra: Around 4.5 hours (wireless charging, 2.5W max)

Charging times vary with external factors. Actual results will vary.

CHARGING INSTRUCTIONS:

- Connect the included USB cable to the charging dock.
- Plug the USB cable into a USB power adapter (not included).
- Place the back of your Apple Watch onto the charging disc of the dock.
- A magnetic connection will secure your Apple Watch in place and begin charging.
- The LED indicator light will illuminate blue while the Apple Watch is charging.

PRECAUTIONS:

- Do not crush, disassemble, puncture, expose to fire, or short external contacts.
- Keep the charger dry at all times to prevent corrosion of electronic circuits.
- Do not store the charger in dusty or dirty areas.
- Do not expose the charger to hot or cold temperatures. Heat can warp/melt the components & shorten the life of the product, while cold can cause moisture to form inside the charger & damage the electronic circuit board.
- Do not use harsh chemicals, cleaning solvents, or strong detergents to clean the charger.
- Do not drop, knock, or shake the charger. Rough handling may break the internal circuit board.
- Do not modify or remanufacture, attempt to insert foreign objects into the charger, or immerse or expose to water/liquids, fire, explosions, or other hazards.
- Keep out of reach of children.
- This product is intended for indoor use only.

Warning

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
