A close-up photograph of a printed circuit board (PCB) with various electronic components and labels. The board is dark green or black. Key components and labels visible include:

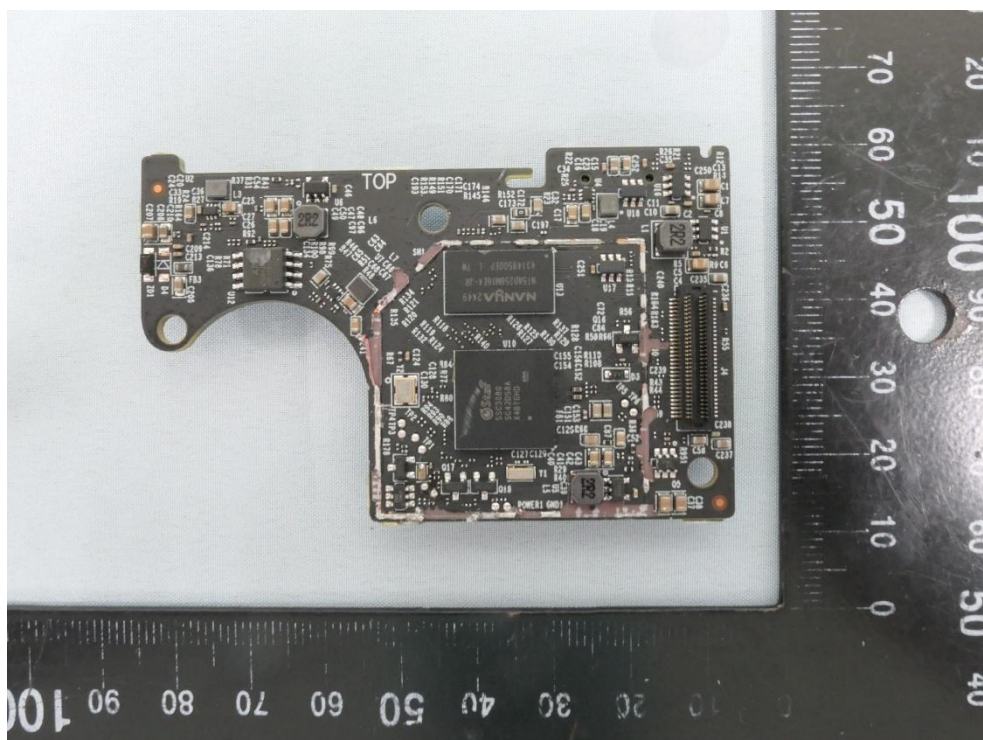

- SGM41513 YTOF24 T4HRN**: A central integrated circuit (IC) chip.
- SGM41513**: Another IC chip located below the central one.
- SGM41513**: A third IC chip located to the right of the central one.
- SGM41513**: A fourth IC chip located to the left of the central one.
- SGM41513**: A fifth IC chip located at the bottom left.
- SGM41513**: A sixth IC chip located at the bottom right.
- SGM41513**: A seventh IC chip located at the top right.
- SGM41513**: An eighth IC chip located at the top left.
- SGM41513**: A ninth IC chip located at the bottom center.
- SGM41513**: A tenth IC chip located at the bottom right.
- SGM41513**: An eleventh IC chip located at the bottom left.
- SGM41513**: A twelfth IC chip located at the bottom center.
- SGM41513**: A thirteenth IC chip located at the bottom right.
- SGM41513**: A fourteenth IC chip located at the bottom left.
- SGM41513**: A fifteenth IC chip located at the bottom center.
- SGM41513**: A sixteenth IC chip located at the bottom right.
- SGM41513**: A seventeenth IC chip located at the bottom left.
- SGM41513**: An eighteenth IC chip located at the bottom center.
- SGM41513**: A nineteenth IC chip located at the bottom right.
- SGM41513**: A twentieth IC chip located at the bottom left.
- SGM41513**: A twenty-first IC chip located at the bottom center.
- SGM41513**: A twenty-second IC chip located at the bottom right.
- SGM41513**: A twenty-third IC chip located at the bottom left.
- SGM41513**: A twenty-fourth IC chip located at the bottom center.
- SGM41513**: A twenty-fifth IC chip located at the bottom right.
- SGM41513**: A twenty-sixth IC chip located at the bottom left.
- SGM41513**: A twenty-seventh IC chip located at the bottom center.
- SGM41513**: A twenty-eighth IC chip located at the bottom right.
- SGM41513**: A twenty-ninth IC chip located at the bottom left.
- SGM41513**: A thirtieth IC chip located at the bottom center.
- SGM41513**: A thirty-first IC chip located at the bottom right.
- SGM41513**: A thirty-second IC chip located at the bottom left.
- SGM41513**: A thirty-third IC chip located at the bottom center.
- SGM41513**: A thirty-fourth IC chip located at the bottom right.
- SGM41513**: A thirty-fifth IC chip located at the bottom left.
- SGM41513**: A thirty-sixth IC chip located at the bottom center.
- SGM41513**: A thirty-seventh IC chip located at the bottom right.
- SGM41513**: A thirty-eighth IC chip located at the bottom left.
- SGM41513**: A thirty-ninth IC chip located at the bottom center.
- SGM41513**: A fortieth IC chip located at the bottom right.
- SGM41513**: A forty-first IC chip located at the bottom left.
- SGM41513**: A forty-second IC chip located at the bottom center.
- SGM41513**: A forty-third IC chip located at the bottom right.
- SGM41513**: A forty-fourth IC chip located at the bottom left.
- SGM41513**: A forty-fifth IC chip located at the bottom center.
- SGM41513**: A forty-sixth IC chip located at the bottom right.
- SGM41513**: A forty-seventh IC chip located at the bottom left.
- SGM41513**: A forty-eighth IC chip located at the bottom center.
- SGM41513**: A forty-ninth IC chip located at the bottom right.
- SGM41513**: A fiftieth IC chip located at the bottom left.
- SGM41513**: A fifty-first IC chip located at the bottom center.
- SGM41513**: A fifty-second IC chip located at the bottom right.
- SGM41513**: A fifty-third IC chip located at the bottom left.
- SGM41513**: A fifty-fourth IC chip located at the bottom center.
- SGM41513**: A fifty-fifth IC chip located at the bottom right.
- SGM41513**: A fifty-sixth IC chip located at the bottom left.
- SGM41513**: A fifty-seventh IC chip located at the bottom center.
- SGM41513**: A fifty-eighth IC chip located at the bottom right.
- SGM41513**: A fifty-ninth IC chip located at the bottom left.
- SGM41513**: A sixtieth IC chip located at the bottom center.
- SGM41513**: A sixty-first IC chip located at the bottom right.
- SGM41513**: A sixty-second IC chip located at the bottom left.
- SGM41513**: A sixty-third IC chip located at the bottom center.
- SGM41513**: A sixty-fourth IC chip located at the bottom right.
- SGM41513**: A sixty-fifth IC chip located at the bottom left.
- SGM41513**: A sixty-sixth IC chip located at the bottom center.
- SGM41513**: A sixty-seventh IC chip located at the bottom right.
- SGM41513**: A sixty-eighth IC chip located at the bottom left.
- SGM41513**: A sixty-ninth IC chip located at the bottom center.
- SGM41513**: A seventieth IC chip located at the bottom right.
- SGM41513**: A seventy-first IC chip located at the bottom left.
- SGM41513**: A seventy-second IC chip located at the bottom center.
- SGM41513**: A seventy-third IC chip located at the bottom right.
- SGM41513**: A seventy-fourth IC chip located at the bottom left.
- SGM41513**: A seventy-fifth IC chip located at the bottom center.
- SGM41513**: A seventy-sixth IC chip located at the bottom right.
- SGM41513**: A seventy-seventh IC chip located at the bottom left.
- SGM41513**: A seventy-eighth IC chip located at the bottom center.
- SGM41513**: A seventy-ninth IC chip located at the bottom right.
- SGM41513**: An eightieth IC chip located at the bottom left.
- SGM41513**: An eighty-first IC chip located at the bottom center.
- SGM41513**: An eighty-second IC chip located at the bottom right.
- SGM41513**: An eighty-third IC chip located at the bottom left.
- SGM41513**: An eighty-fourth IC chip located at the bottom center.
- SGM41513**: An eighty-fifth IC chip located at the bottom right.
- SGM41513**: An eighty-sixth IC chip located at the bottom left.
- SGM41513**: An eighty-seventh IC chip located at the bottom center.
- SGM41513**: An eighty-eighth IC chip located at the bottom right.
- SGM41513**: An eighty-ninth IC chip located at the bottom left.
- SGM41513**: A ninetieth IC chip located at the bottom center.
- SGM41513**: A hundredth IC chip located at the bottom right.

This image shows a close-up of a circuit board with several components. A central component is labeled R252. To its left are components labeled R249, C217, and C216. Above R252 is a component labeled R250. To the right of R252 is a component labeled R251. The board is populated with various electronic components and labeled with part numbers.
