

YU9

Wireless Car Charger

instruction manual

Thank you very much for using this product!
In order to bring you a better experience, read carefully
before using this product Please keep this manual properly
after reading.

Product Parameters	
Product Name	Wireless Car Charger
Product Model	YU9
Product Material	Plastic ABS+PC+zinc alloy
Product Weight	66g
Product Color	Silvery
Output Power	15W (Max)
Input Voltage	5V/2A, 9V/1.67A Max
Charging Power	111K-205KHz
Packing list	Machines*1
	Data line*1
	Magnetic attraction plate * 1

Features

Major Function

1. 15W wireless charging
2. N52 super strong magnetic attraction
3. Tempered glass panel
4. RGB ambient light

Precautions for use

1. Please try to avoid using it in direct sunlight, as sunlight can lead to causing slow infrared sensing.
2. Please do not rinse the product body with water. If necessary, just use a tissue to wipe it off.
3. Do not disassemble the product without authorization.
4. Do not excessively compress or collide with the equipment.

Thank you for using this product!

FCC Information

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates,

uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference

to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does

cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is

encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
